FACTORY COMMITTEE WILL MAKE A REPORT IN WRITING

Men Who Went to Chicago to In-
vestigate Modern Appliance Co.
Hint it Will be Favorable

MEETING TO BE FRIDAY NIGHT

Metal Working Factory With Excel-
lent Prospects Can be Located
Here, it is Indicated

TWO WEEKS NEGOTIATIONS

President, Who Was Here Week
Ago, Makes Very Favorable
Impression on Local Men

The committee of two men who
went to Chicago early this week to
investigate the Modern Appliance
company, which can be located here,
will make a written report at a
meeting to be held in the court
house assembly room tomorrow
night at seven-thirty o'clock.

All persons who are interested in
the future industrial welfare of
Rushville are urged to be present at
the meeting prepared to act because
the committee must report what can
be expected from Rushville by next
Tuesday at the latest.

The committee, which arrived
home last night from Chicago, in-
timated this morning that their
report will verify everything that has
been said in favor of the company.
The committee is composed of R. L.
Tompkins and S. L. Trabue. They
spoke very enthusiastically of the
business and a meeting was held
were very favorably impressed by
the things they learned about the
concern.

The Modern Appliance company
makes novelties and is now being
operated on a paying basis. It is
commonly called a metal working
factory. The concern merely wants
a chance to expand with more
working capital and more machin-
ery. The president of the concern,
Mr. Falk, is the inventor of the
principal product of the concern, a
telephone bracket, and has other
inventions worth while which will be
manufactured when the business
once gets a chance to grow.

A group of Rushville men who
have been casting out lines in an
effort to find a proposition that
could be handled here, happened on
to the Modern Appliances company
by chance.

The whole thing started at a
banquet a week ago Monday night.
Will Dill and John Crowley at that
time disclosed the work they had
been doing in endeavoring to find a
factory that Rushville would sup-
port. The members of the Rush
County Business Men's association
appointed a committee following the
banquet to confer with Mr. Dill and
Mr. Crowley and co-operate with
them in any way possible to ad-
vance the industrial welfare of
the city.

Mr. Dill went to Chicago the next
day to investigate a lathe which he
had heard about. While making
inquiry about that product he got
into the establishment of the Mod-
ern Appliance company and found
what a fine institution it is and what
fine prospects it has. He broached
the subject to Mr. Falk and the latter
readily consented to come to
Rushville to see what could be done.
They arrived here on Thursday
night of last week and the next
morning a meeting was held with
the committee from the business
men's organization. They were all
impressed by Mr. Falk and his
business and a meeting was held
that night at the Windsor hotel.

At that time a good-sized bunch
of stock in the concern was sub-
scribed but it was decided that a
further campaign of selling stock
should be held up until a committee

GLIMPSE OF VENICE IS GIVEN AUDIENCE

Miss Anita Conte, Lectures Con-
cerning Her Native City and
Illustrates it With Views

FIRST OF THREE LECTURES

Describes Many Places of Interest,
From Historical Standpoint and
for Their Beauty

A vivid glimpse of Venice was
given last evening when Miss Anita
Conte, a native of Venice, lectured
before a large crowd in the Graham
high school, giving her first of a
series of three lectures. The sub-
ject chosen last evening by Miss
Conte was "The Queen of the Adri-
atics" and she proved why she called
her home city that name, by
dwelling upon the beauty and power
of Venice.

Miss Conte's next lecture is to be
given in the same place on April
11, when she will talk on "Masters
and Masterpieces of Venice." The
third and last lecture of the series
is to be April 25 on "Venice From
A Gondola" when Miss Conte's talk
will be augmented by musical num-
bers by her sister, Miss Adelia
Conte, who is a talented vocalist.
The course of lectures is under the
management of the Shakespeare
Club.

In her talk last evening, Miss
Conte displayed a brilliant intellect
and charming personality. Miss
Conte has studied in Florence, Ven-
ice, Sicily and Boston, Mass., and
is now teaching several languages in
the Indianapolis Conservatory of
Music. She was assisted last even-
ing by her sister, Miss Adelia
Conte.

In giving views of Venice, she de-
scribed many places of particular
interest, both from a historical
standpoint and for their beauty.
The speaker characterized her home
city as "The Queen of the Adriatics"
because of the very important
part it had played in the history of
Italy and for the control of trade it
had had both on land and water.

Miss Conte was introduced by
Miss Henrietta Coleman, who had
known her personally in Venice.

could be sent to Chicago to in-
vestigate.

In addition to the telephone brack-
et, The Modern Appliance company
has an automobile oil cup, an ink
pad and other novelties which
have never been pushed. The com-
pany also has a contract to manu-
facture a frame to carry a glass in
automobile curtains. The invention
was perfected by a woman of Los
Angeles. She happened to be in
Chicago last Thursday and a tele-
gram brought her here for the
meeting that night. She explained
her invention, the excellent pros-
pects for its sale, displayed some
sample orders and favorable replies
from some of the largest automobile
manufacturers who are considering
adopting it as a standard equipment
on their machine.

This woman has been manufactur-
ing in Los Angeles, but she is so
far from the automobile centers that
she could not compete because of
the excessive freight rates and raw
material to the coast and freight
rates on the finished product to get
it back east.

The committee tomorrow night
will make a written report and will
ask that it be incorporated in the
minutes of the meeting. In addition,
the committee will answer all ques-
tions in regard to the financial con-
dition of the company and its
standing in Chicago.

Proclamation!

Whereas, a National Crisis exists in the
affairs of our country, which requires the at-
tention of every true and loyal citizen, and
whereas, a call to the armed forces of the
Nation requiring them to assemble and to
protect our institutions and our people in the
pursuit of their lawful business; and where-
as, a condition exists which appeals to the
loyalty and patriotism and requires the sup-
port of every true American citizen; and
whereas a company is being formed, in our
midst, of our sons and brothers, a move-
ment, which deserves the enthusiastic and
loyal support of every right minded, true
and loyal person in this community;

I, now, by reason of the authority vested
in me as Mayor of the City of Rushville,
Indiana, hereby appeal to the citizens as a
token of their loyalty to the country, to dis-
play the American flag from their residences
and their respective places of business and
from all public buildings and hereby fix the
hour of 7:30 P. M. Friday, April 6th, 1917,
A. D., at the Assembly Room in the Court
House, as the hour for a Patriotic Mass
Meeting of all the citizens of this commu-
nity, where all persons may attend and ex-
press their sentiments in favor of patriotism
and loyalty to their country and by their
presence attest their devotion and allegiance
to the Stars and Stripes, and I hereby invite
all citizens of Rush County to join in this
meeting that we may demonstrate to the
country our steadfast and unswerving loy-
alty and devotion to the flag.

In witness whereof I have hereunto set
my hand and official seal this 28th day of
March, 1917.

CLATA L. BEBOUT,
Mayor of the City of Rushville, Ind.

IS OUSTED FROM ANOTHER PLACE

Fon Riggs Loses Job as Oil Inspec-
tor Before Beginning Duties,
by Court Decision

LAW IS UNCONSTITUTIONAL

Rushville Man Once Appointed In-
heritance Tax Appraiser and
Legislature Abolished Office

Fon Riggs certainly plays in
"tough luck" when it comes to hold-
ing political jobs. Once he was ap-
pointed inheritance tax appraiser
and after appraising one estate was
pushed off the job by the legislature
which enacted a law providing that
the county assessor should act as
inheritance tax appraiser. The lat-
est piece of tough luck is his separa-
tion from the pay roll as an oil
inspector.

This came yesterday when three
federal judges granted a temporary
restraining order against Carl H.
Mote and the sixty-two deputy in-
spectors and declared the oil in-
spection law unconstitutional. The
decision was given after argument
on a petition for injunction of the
Moore Oil company of Cincinnati
and five other oil concerns.

Mr. Riggs was appointed about
two weeks ago following the ousting
of the democratic inspectors by
Governor Goodrich. He had not yet
taken up his duties. The new angle
of the oil inspection controversy
adds another chapter to a fight
which extended throughout the last
campaign and which was followed
by a bitter fight in the last legisla-
ture, when the governor's program

OWEN SWEET IS SET FREE BY THE COURT

Man Accused of Issuing Fraudu-
lent Check, in Grand Jury In-
dictment, is Discharged

CASE TAKEN FROM THE JURY

Court Holds There is no Evidence
of Fraud—James O. Draper
is Fined \$1 and Costs

The case against Owen Sweet,
charged in a grand jury indictment
with issuing a fraudulent check to
Miss Agnes Winston, was dismissed
in the circuit court today by Judge
Sparks because of a lack of evi-
dence and the defendant was dis-
charged. Other criminal cases were
disposed of also.

A jury had been empaneled and
the evidence was being heard when
Judge Sparks discovered that un-
der the law Sweet could not be con-
victed, and he withdrew the case
from the jury and dismissed it. A
motion to quash the indictment was
overruled by the court yesterday.

The evidence developed that
Sweet had given Miss Winston the
check for twenty dollars without
funds in the bank, but that Miss
Winston had not given him a receipt
for the money and contended that
he still owed her. Judge Sparks said
the law was deficient in this re-
gard, but that he could do nothing
but discharge the defendant. He
said it had to be shown that the
prosecuting witness had to be de-
frauded out of something, which
was not true in this instance.

James O. Draper was fined one
dollar and costs on a charge of as-
sault.

MEETING TO GIVE OUTLET FOR PENT-UP PATRIOTISM

PUTS OFF VITAL PART OF MESSAGE

President Wilson Holds up Judg-
ment on Important Details,
Pending Late Developments

HOLLWEG'S SPEECH AWAITED

Effectiveness of Armed Neutrality
Creates Strong Impression—
Mediation Still Possible

By ROBERT J. BENDER
(U. P. Staff Correspondent.)

Washington, March 29.—President
Wilson is holding up judgment on
vital details of his message to con-
gress, pending developments of the
next few days. The German chan-
cellor, Von Bethmann-Hollweg's ex-
pected address may give an outline
of Germany's future course both
as to the conduct of the war and as
to the possibility of her making
peace.

At the same time the effectiveness
of armed neutrality as illustrated by
the safe passage of armed Ameri-
can merchantmen to England has
created a strong impression here.
Comment among officials has also
been aroused by the absence of Ber-
lin criticism and boastfulness
against the United States govern-
ment during the last few days.

There are some who believe that
with the great preparedness move-
ment now under full swing in the
United States, the president may,
while presenting a bristling front
to Germany, still hold out an ap-
peal to all nations to talk media-
tion before the United States is
forced into the war.

The preparedness of official op-
inion is that the president is
thorough with exercising patience
for Germany, is convinced that a
state of war exists between the two
nations, will so declare to congress
and ask that every means be taken
to bring the great war to a speedy
and successful end.

TO BUILD MORE CHASERS

Washington, March 29.—Awards
to private ship yards for the con-
struction of additional submarine
chasers have been made by the navy
department. No figures as to prices
or number of chasers ordered were
given out. The immediate construc-
tion of additional ships at the New
York navy yard, equipped for
building battleships, has been auth-
orized, the navy department an-
nounced today.

WOULD ABROGATE TREATIES

Washington, March 29.—Abroga-
tion of all existing treaties between
the United States and Germany, be-
cause of Germany's gross violations
in sinking of American ships and
taking of American lives, was ad-
vocated today by Senator Sauls-
bury, member of the foreign rela-
tions committee.

JOINS BRITISH ARMY

London, March 29.—Austin Hoy,
whose mother and sister were among
the Americans who perished on the
Laconia, foreswore his allegiance
to the United States today and
joined the British army. Hoy cabled
President Wilson soon after the
Laconia was torpedoed, demanding
that the United States avenge their
death.

Annapolis, Md., March 29.—De-
claring the navy must be the first
and chief arm of defense to safe-
guard the nation, Secretary Dan-
iels today delivered an inspiring ad-
dress to 180 midshipmen who were
graduated from the naval academy
two months ahead of the usual
time.

Patriotic Demonstration For Citi-
zens of Rush County is Sched-
uled for Friday April 6

MAYOR ISSUES PROCLAMATION

Invites All Citizens to Join and in
This Way Demonstrate Unswerv-
ing Loyalty to Country

BACK GUARD COMPANY ALSO

Proclamation Calls on All to Display
Old Glory at Residence and
Places of Business

A patriotic mass meeting has been
called for the court house assembly
room Friday evening, April 6, at
seven-thirty o'clock.

This was decided on at a meeting
of a dozen public spirited men last
evening. A general committee of
five was appointed to make general
arrangements for the meeting and
to appoint other committees to look
after the details.

Mayor C. L. Bebout today issued
a proclamation fixing the time and
the place for the meeting and call-
ing on all patriotic citizens to dis-
play their colors. The proclamation
also invites all citizens of Rush
county to join with the citizens of
Rushville in the demonstration. It
also calls on all citizens to display
the Stars and Stripes at their
homes and their places of business.
"And I hereby invite," says the
document, "all citizens of Rush
county to join in this meeting that
we may demonstrate to the country
our steadfast and unswerving loy-
alty and devotion to the flag."

The meeting will be along strictly
non-partisan and non-sectarian
lines and is intended to offer an av-
enue for the expression of the pent-
up patriotic sentiment of the com-
munity. It is also expected that the
demonstration will arouse much fa-
vorable sentiment toward the pro-
posed national guard company
which is now being organized here.
The company is assured a place in
a regiment that is already organized
and will be taken into the service
just as soon as the required num-
ber is obtained and the men are
given the medical examination.

"I hereby appeal to the citizens,"
reads the proclamation, "as a token
of their loyalty to the country, to
display the American flag from their
residences and their respective
places of business and from all pub-
lic buildings."

The proposed meeting is to be
known as a "patriotic mass meet-
ing of all citizens of the community

Fitting Up The Summer Home

This is the season when the
stores begin to show their spring
and summer furnishings, and
people begin to give thought to
the fitting up of their summer
homes.

Let the advertising in this news-
paper be the link between your
desires and their fulfillment.

It is safe to deal with the
stores that advertise. They are
representative concerns.

They tell you frankly what
they are showing and they guar-
antee their words and their mer-
chandise.

They have studied the wants
of the people in the light of many
years' experience.

The guide to the right furnish-
ing of the country home is in the
advertising printed here from day
to day.

BOTH WHEAT AND HOGS MAKE GAIN IN PRICES

Both wheat and hog quotations
 showed big gains today. Indiana-
 polis hog prices advanced 25 cents
 with receipts fifteen hundred less.

In Chicago May wheat was quoted
 three and seven-eighths cents higher.
 July quotations were off seven-
 eighths and September up three-
 fourths. May corn advanced one
 and seven-eighths; July, one and
 five-eighths; September, one and a
 half. May oats was up one and a
 quarter and July three cents.

Both wheat and corn went up two
 cents a bushel in Rushville today
 and rye was quoted five cents higher.

Wheat in Indianapolis was up nine
 cents and corn advanced three and
 three-quarters. Oats was up two
 and a half cents.

sault and battery with intent to kill
 when he pleaded guilty. He was
 accused of hurling a meat cleaver
 at Frank M. Miller, the prosecuting
 witness. It was alleged that the of-
 fense was committed August 12,
 1916.

The request of Noah Moore that
 he be released from the bond of
 Robert Gilson, charged with assault
 and battery with intent to kill, was
 granted by Judge Sparks. Gilson
 was then allowed to go on his own
 recognizance without bond because
 of the sickness of his wife. This
 was done on recommendation of the
 prosecuting witness.

The criminal case against Clar-
 ence Rodney was dismissed by the
 court for the want of prosecution.
 It was stated that Rodney could
 not be found.

MRS. VASHTI COX EXPIRES

Mrs. Vashti Cox died at her home
 in Raleigh this morning shortly
 before three o'clock at the age of
 eighty years and eight months. Mrs.
 Cox had been ill for over a year and
 the death was caused by a complica-
 tion of diseases. Mrs. Cox is
 survived by eight children. Samuel
 Rophermel, Harry Cox of Richmond,
 Va., John Cox of Indianapolis, Mrs.
 Clara Wildridge of Raleigh, Mrs.
 Elizabeth Holmes of Brookville, Mrs.
 Eva Oliphant of Evanston, Ill., Mrs.
 Verna Wiley of Liberty Center, Ind.,
 and Mrs. William Siefert of Muncie.
 Mrs. Cox was a member of the Con-
 nersville Christian church. The fun-
 eral services will be conducted Sat-
 urday morning at 10:30 o'clock at
 the Raleigh Christian church with
 burial in the Raleigh cemetery.

Spring Coats and Suits for Women Who Know Real Values

CREATED BY Conde

CREATED BY Conde

Every new style development is represented in
 our showing of Conde Coats and Suits for
 Spring. Every detail of material and work-
 manship is correct.

More than a half century of "Knowing how"
 goes into the construction of every Conde gar-
 ment and they're brimful of that distinctiveness
 that is dear to the heart of every woman who
 appreciates art in dress.

A visit to our garment department and a try-on
 will convince you that your next coat, suit or
 dress should come from Casady's.

The Conde Label in Your Coat or Suit Means

That the garment fits as perfectly as the hand
 of man can make it.

—That the quality of the fabric used is the
 best obtainable.

—That extreme care, even to the smallest detail
 is exercised in the construction of the garment.

—That you are assured of being correctly at-
 tired whatever the occasion.

—That you will get two full seasons of satis-
 factory service.

POSTMASTER L. B. M'CARTY EXPIRES

Postmaster Leonard B. McCarty, age forty-nine years, died at his home in Carthage last night after a prolonged illness. He had been sick since the latter part of last September, and although he underwent an operation, he never improved any.

Mr. McCarty lived in Carthage many years, was unmarried and was the son of Mr. and Mrs. John H. McCarty. The latter is a druggist in Carthage. The younger Mr. McCarty was assistant postmaster at Carthage under Cleveland's second administration and later was postmaster for one term. He was again appointed under President Wilson's first term, taking office May 1, 1915. Mr. McCarty is survived by his parents, one sister, Mrs. P. J. Sattler of Carthage, and four brothers, Ira and Bert of Fort Collins, Colo., and Omer and Otto of Carthage. The funeral will be held at the Fletcher M. E. church in Carthage Saturday morning at ten o'clock and burial will take place in the Carthage cemetery.

—Miss Margaret McDonald of Connersville was a visitor here last evening.

—Miss Jessie McCoy, a student in Oxford college, came this afternoon for a visit with Miss Fannie Stiers at her home east of the city.

—Mrs. Siddle Mowers has returned from El Paso, Tex., where she has spent the past five months as the guest of the Rev. and Mrs. Overstreet.

—Mr. and Mrs. William Alexander have returned to their home in North Main street after a two months stay in the south. The majority of the winter they spent in Coden, Ala., and later went to New Orleans, Mobile and a number of other places of interest.

Miss Marie Newhouse has resigned her position at the Guffin Dry Goods store and will attend summer school at Indiana university.

Another Tornado

This time it is going to hit Rushville. It hits this city every spring. This tornado does not destroy everything in its way, it just musses things up, tires people and when it has passed leaves this city better off.

YOUR HOME

cannot be insured for this tornado, only by taking the proper steps toward preventing it. The last few years we have helped many a housewife from this annual spring drudgery of housecleaning. Your draperies, curtains, fancy table linen and centerpieces, have them dry cleaned. Your rugs, both large and small ones, and your carpets, let us clean them also.

We clean rugs and carpets without removing the sizing; we either dry clean them, vacuum clean or scour them; all spots and dirty places are removed by our modern process and the rug or carpet will have the appearance of a new one.

Our out-of-town patrons, especially those in the rural districts—we will clean your rug the same day that you bring it in, so that you may take it home with you.

Our city patrons—call us up; we will call for and deliver your rugs or curtains.

DON'T WAIT UNTIL THE LAST MINUTE TO HAVE YOUR SUIT DRY CLEANED AND PRESSED FOR EASTER—GET YOUR ORDER IN NOW.

Continued from Page 1.

for the abolishing of the oil inspection department was defeated by three senate republicans joining with the democrats in voting against the proposed change.

Mr. Riggs' deputyship covered the inspection of oil at Liberty, Glenwood and Rushville and the salary would have been between \$700 and \$850 a year. The order of the court prevents further enforcement of the law, which means that the offices are abolished.

It is not believed likely that the attorney general will seek a reversal of the decision. The state would have to show the court that the state is not collecting for the oil inspection work more than is necessary to pay expenses of the department.

SEEKS DAMAGES FOR IN SHRINKAGE HOGS

Phillip S. Daubenspeck, William M. Combs and U. G. Bever, doing business under the firm name of P. S. Daubenspeck, filed suit today against the C. I. & W. railway company, demanding damages in the sum of \$200. The plaintiffs allege negligence on the part of the railroad in delaying a shipment of hogs from Connersville to Indianapolis.

The complaint states that on December 6, 1916 the plaintiffs delivered to the railroad a total of seventy-two hogs and because of negligence the hogs did not reach the Indianapolis market until two days later, resulting in loss from shrinkage and a drop in the market of \$144.42.

TO SPEAK TO BOY SCOUTS.

C. E. Means of Indianapolis, vice-president of the Boy Scout council there, is to speak to the Boy Scout organizations here on Friday evening at 7:30 o'clock in the basement of the First Presbyterian church. His subject will be "Boyscraft." The two organizations have been formed only recently. At the Christian church, where 35 boys belong, Carl Webb is scoutmaster and at the First Presbyterian church, where 24 boys have joined, Harry Petry is scoutmaster.

Chance For New Industry.

All through the corn belt of the North and the cotton belt of the South, the soy bean is growing successfully, yet we are importing soy bean oil in large quantities from Japan. This situation demonstrates the need of a constructive effort to establish a soy bean industry in this country that will make us independent of the producer across the Pacific. Soy beans paid a duty of 45 cents per bushel under Republican law, the oil and cake coming in free. Under the present law the beans and its produce are free of duty.

Northern Manchuria has been the great center for soy bean culture, and of course the labor cost there, compared with that in this country is negligible. A large proportion of the crop goes to Japan, where it is made into oil cake, oil cake meal, and oil. Here, again, the labor cost is at a minimum, with the result that the Japanese can command the market in these products all over the world. For example, a news item from Seattle, Washington, the other day, said that a train of 30 cars of Japanese soy bean oil had departed for the east for use in soap making. "Imports of soy bean oil through Seattle in March will have a value of 2,800,000." Some of the beans go also to England, and some to France, where a large oil-crushing plant is in operation at Marseilles, and where labor is considerably cheaper than it is here.

In the fiscal year 1913 we imported 11,000,000 pounds of oil cake, 1,875,000 pounds of which came from England, 1,000,000 from Canada, 3,000,000 from China, and 4,675,000 from Japan. In 1915, we imported 21,189,000 pounds, of which 8,000,000 came from Japan. During the calendar year 1916, we imported 45,000,000 pounds of this product. Not all of this oil cake was made from the soy bean, but all that came from Japan was, and foreign cheap labor had entered into its production.

Competition in soy bean oil has been even stiffer. In 1913 we imported 12,340,000 pounds; in 1914, 16,360,000 pounds; in 1915, 19,206,000 pounds. These are for fiscal years. During the calendar year 1916, just past, our imports of this oil reached the enormous total of 145,409,000 pounds. The price of animal oils and fats have become so high that soap makers are using soy bean oil, and there being no tariff duty to encourage the crushing of the bean in this country, Japan reaps the largest share of the benefit.

Southern cotton-seed crushers have declared: "If soy beans could be brought in duty free they could be used to prolong the operating season of the crushing mills and refineries. The oil made from them is becoming a large factor of raw material for soap making. There is no reason why there should be a duty on the beans since the oil crushed therefrom in England and on the Continent is admitted free."

And there was no reason for the duty on the bean unless it could be grown here, which has been tested out to our satisfaction. Failure to place the oil and the cake on the

Another Puncture

It always happens at the most maddening time—just when you want to catch a train or keep some important engagement. And usually it isn't really a puncture at all, but a leaky tube.

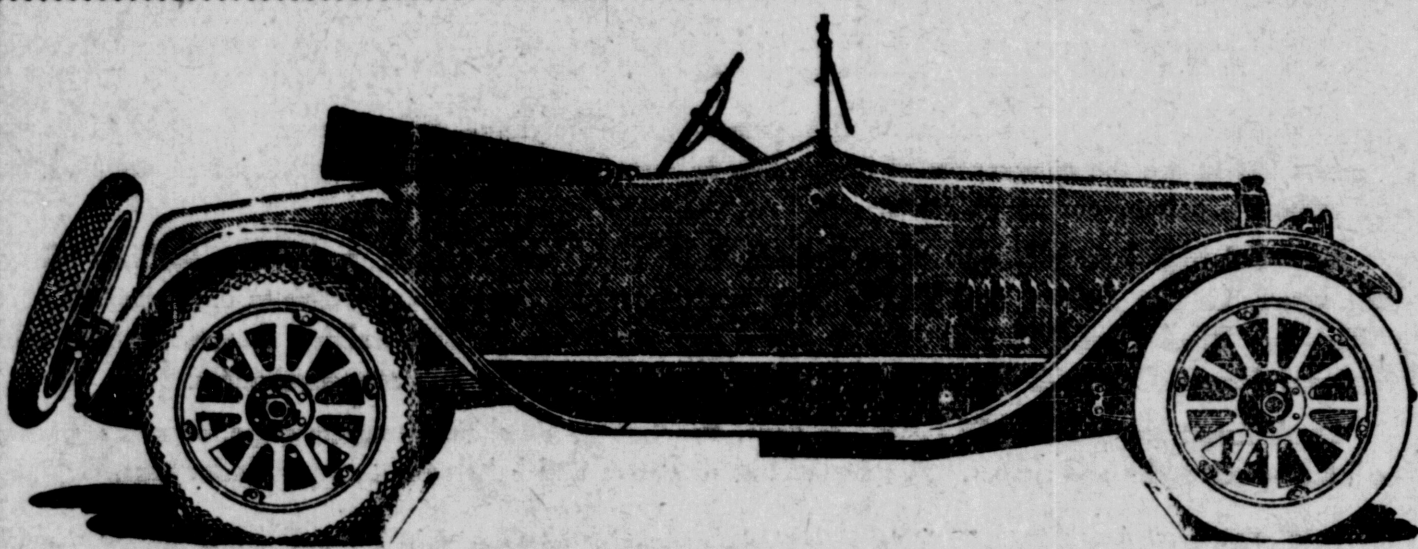

Now porous rubber (so-called) and leakage around the valves are among the commonest failings of cheap, machine-made tubes. If you are tired of these needless "punctures" equip your car with Kelly-Springfield Tubes. They are made slowly and painstakingly by hand out of real rubber.

They can be punctured, of course, but they won't leak. If you use Kelly-Springfield Tubes in Kelly-Springfield hand-made, real rubber tires you will add increased mileage to freedom from needless tube troubles.

That's why the tubes and tires we sell are

Why is the guarantee on BUICK cars more liberal than any other car selling at several hundred dollars more? Why is it that Buick cars have longer life than some others and the upkeep so much less? Why is it that in the last fuel economy contest that was held in New York the Buick won first, second, third and fourth prizes?

Why do you buy an automobile whose engine has proven itself to consume more gasoline than a valve-in-the-head Buick? Why don't you permit us to prove the above fact (if our competitors cannot) and then you will fully realize what is meant by us when we say WHY DON'T YOU BUY A BUICK? Call and see the 1917 models and let us give you a demonstration that is a real test of Buick Power and Strength.

Friday

Thimble Club, with Mrs. F. G. Hackleman at 515 North Morgan street, in the afternoon.

Rebekah meeting in hall at 7:30 o'clock. Degree to be conferred on class of candidates.

Mrs. Link's Bible class, with Mrs. F. B. Stearns at 222 West Second street at 2:30 p. m.

Mrs. Guy Mulbarger is entertaining the members of the Thursday Afternoon Card Club this afternoon at her home in this city.

Dr. and Mrs. Carl Beher, Mr. and Mrs. Gunn Haydon and Miss Harriet Vrendenburg motored to Indianapolis yesterday afternoon.

A good attendance marked the meeting of the Ladies Aid society of the First Baptist church held in the church parlors yesterday afternoon. Mrs. Nancy Norris has been elected to succeed Mrs. S. G. Huntington as president of the society. Several important business matters were decided upon at the meeting yesterday.

The members of the B. N. Club held another one of their pleasant meetings at the home of Miss Pauline Gessler on Tuesday evening of this week. The club colors of pink and white were tastefully used in the pretty decorations and the dainty refreshments which were served following a social period and business session. Members of the club present were the Misses Ethel Young, Kathleen Coyne, Nellie Brown, Maymie Kuntz, Pauline Gosnell, Sarah Whitesides and Eleanor Doll. Mrs. Charlotte Havens will have the next regular meeting of the club.

Miss Henrietta Coleman was hostess at a delightful little dinner party last evening at her home in East Sixth street when her guests were the Misses Adelia and Anita Conte of Indianapolis, formerly of Venice, Miss Mary Sleeth and Earl B. Marlatt of this city.

Miss Katherine Hibben of Indianapolis and Ward H. Hackleman formerly of this city were among the guests of honor at the dinner party given last evening at the Woodstock Country Club near Indianapolis by Mrs. William Brown and Miss Cornelia Brown.

At the home of Mr. and Mrs. Michael McDonald in Jersey City, a beautifully appointed dinner was served and pleasant social day enjoyed by Mr. and Mrs. John Gartin, Wes McMichael, Mrs. Rena Matlock and Mrs. Ruth Hall of Shelbyville. The dinner was given at noon today. The comedy to be presented is

An intensely interesting review of Shakespeare's "Hamlet" featured the meeting of the Sorosis Club held with Mrs. Murphy at her home in Glenwood on Tuesday afternoon of this week. The play review was given by Mrs. Saxon, who commented upon the characters, reviewed the plot, and dealt with it in a very interesting manner. Responses to the roll call were given by naming a favorite character in Shakespeare. Mrs. Bert Crisman of Connersville was an out-of-town guest.

Dainty refreshments were served by the hostess following the program. The annual guest day of the club will be observed on April 10 at the home of Miss Florence Elliott. The program for this time has not been announced yet.

Mrs. Pierson and Miss Carrie Pierson of Flint, Mich., were the guests of honor at the little informal gathering held at the home of Mrs. Douglas Morris on Tuesday

EASTER TIDINGS

When You Walk Down the Aisle on Easter Morn, Madam

You know that hundreds of eyes will consider your costume from tip to toe. You needn't fear being the cynosure of all eyes or the object of the most searching glances when you are wearing The Mauzy Company's shoes, suits, dresses, hosiery, neckwear and gloves.

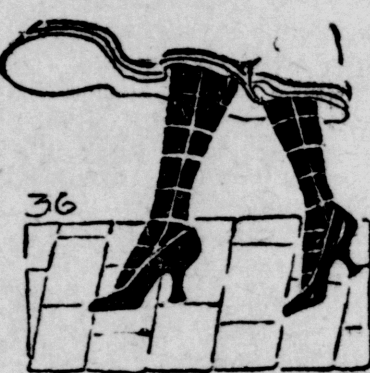

Gloves

A bright new pair of Silk or Kid Gloves are essential to complete your wardrobe for Easter Sunday. We have the dressed and doe skin kid gloves. The dressed kid are shown in all colors as well as black and white. Our black and white silk gloves are all double tipped fingers in single and double silk. A splendid variety.

Silk Hosiery

Every color of the rainbow will be found here in pure thread silk hose. You all know the quality of Gordon silk hosiery, and among the many shades we have are red, purple, pink, pongee, Nile green, yellow, violet, suede, grey, brown, tan, sky blue, midnight blue, French blue, Copenhagen, black and white. Besides the plain colors are fancy stripes.

Footwear that Brings Rejoicing

Our Shoes are creating a sensation this spring. Superb styling—extreme elegance—modish modeling and finest fit are the components of every shoe on our shelves. Your Easter frock will not be complete without a pair of our stylish boots.

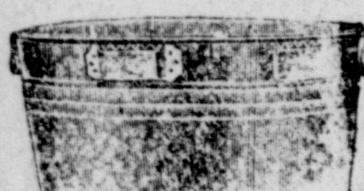

Beautiful high lace kid boots, French heels, both plain and covered, in White, Artillery Gray, Pearl Gray, Golden Brown and Black. For street wear and especially attractive to the young girls are the Tan and Black English Walking Shoe. Also ask to see our English walking shoe, lace, welt sole, Mahogany Russia Calf with White Buck Tops. Shoes in all styles and attractive prices.

Don't forget our line of COLLARS in voile, flannel, crepe de chine, georgette crepe, organdie, paisley—all the newest styles and shapes. A splendid line of purses and belts adds to your Easter togs.

LADIES HOME JOURNAL PATTERNS—the only patterns which have remained at the old price—10c and 15c. You cannot pay over 15 cents for any pattern.

afternoon. The dozen guests were agreeably entertained and the hostess served a delicious one course luncheon.

The Fairview Department Club met at the school building last evening, furnishing an unusually interesting program for the members. Mrs. G. F. Powers gave a sketch of James Whitecomb Riley and Miss Nelle Retherford read "Out to Old Aunt Mary's" from Riley. A piano duet was played by Miss Florence Doan and Miss Miriam Frye, the latter accompanying Miss Mable Bilby when she played a violin solo. A selection was played by the orchestra and at the close of the program the Rev. G. F. Powers gave a practical talk on "Waste on the Farm." There was a good attendance at the meeting.

On Friday, April 6th, the members of the W. R. C. are to give a patriotic program in the assembly room of the court house when the special guests will be members of the G. A. R.

Mrs. Frye and daughter, Miss Miriam Frye, gave a pretty little dinner at their home in Falmouth yesterday when their guests were the teachers of the Falmouth schools. The elegant two course meal was served to Miss Nelle Retherford, Miss Florence Doan, Miss Vina Lockhart, Mr. and Mrs. J. R. Jeffrey, Mr. Bilby and daughter, Mable, and Miss Emaline Brown.

The Gings high school play "Captain Racket" will be presented in the hall at Falmouth tomorrow evening.

CONGREGATIONAL MEETING TONIGHT

The annual congregational business and social meeting of the First Presbyterian church will be held at the church this evening at 7:30 o'clock. Everyone connected with the church and Sabbath School and all members of the congregation are urged to attend. Following the program, the ladies of the church will serve refreshments during a social hour. The following numbers will be given on the program which is to begin at 7:30 o'clock.

Short song and devotional service; reports of all of the organizations of the church; address by Judge Douglas Morris; piano solo by Wallace Beer; song by the Junior choir; vocal duet by the Misses Norma Smith and Nancy Hogsett; solo by Miss Edith Buell.

MRS. W. H. PORTER DIES

Mrs. William H. Porter, age fifty-seven years, died at her home southwest of Carthage last night following a long illness. She is survived by her husband, three children and one sister, Mrs. Robert Mason of Greenfield. The funeral will be held Saturday morning at 10 o'clock at Walnut Ridge and burial will take place in the church cemetery.

TEACHES TALENTS SHOULD BE UTILIZED

The man who stows his talents away and accomplishes nothing with them is due to be condemned, was the thought that the Rev. L. E. Brown of Connersville conveyed to the audience at the Christian church revival last night when he spoke on the theme, "Napkins and Nothing." His subject tonight will be "Saved by a String" and tomorrow night, "The Man Who Came to Himself."

A large audience was present last night and a big chorus provided excellent music. Some special music will be offered tonight.

The minister based his sermon on the parable of the pounds. The Lord gave a pound to each of three men. One gained five pounds with his pound; another made two pounds; the third rolled his up in a napkin and did not use it. The first two were commended but the last was condemned for unfaithfulness and his pound taken away from him, which, the evangelist pointed out, was not an arbitrary disposal of it, but a working out of the law of nature, because "talents we do not use we lose." Through we use our talents, the minister said, and gain five or only two, we are to do what we can.

MOTHER-IN-LAW DEAD.

Mrs. B. B. Searff of Osborn, Ohio, died at her home last evening at midnight at the age of 83 years following an illness of several months from stomach trouble. Mrs. Searff was the mother-in-law of J. P. Stech of this city, who received word this morning of the death. She died at the home of her daughter, Mrs. Ida Artz, and other survivors were her two brothers, Henry Neff of Hiawatha, Kan., and Andrew Neff of Connersville. The funeral services will be conducted on Sunday afternoon at one o'clock with burial in the New Carlisle cemetery.

—Mrs. Harriet Plough was a visitor in Indianapolis yesterday.

Use "Gets-It," Lift Corn Right Off
Shrivels, Loosens—and It's Gone!
"Just like taking the lid off—that's how easy you can lift a corn off your toe after it has been treated with the wonderful discovery, 'Gets-It.' Hunt the wide world over and you'll find nothing so magic, simple and easy as 'Gets-It.' You folks who

have wrapped your toes in bandages to look like bundles, who have used salves that turned your toes raw and sore, and used plasters that would shift from their place and never 'get' the corn, and who have dug and picked at your corns with knives and scissors and perhaps made them bleed—just quit these old and painful ways and try 'Gets-It' just once. You put 2 or 3 drops on, and it dries at once. There's nothing to stick. You can put your shoe and stocking right on again. The pain is all gone. Then the corn dies a painless, shriveling death. It loosens from your toe, and off it comes. 'Gets-It' is the biggest selling corn remedy in the world today. There's none other as good. 'Gets-It' is sold by druggists everywhere, 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill. Sold in Rushville and recommended as the world's best corn remedy by Messrs. E. Mullis and Frank E. Wolcott.

WATCH YOUR STOMACH

IF FOOD SOURS, BOWELS CLOG, STOMACH HURTS, HEAD ACES, BREATH BAD, HEART PALPITATES, TAKE PEPSINCO. YOU NEED IT. IT WILL HELP YOU.

Thousands upon thousands of persons are taking Pepsinco and are having perfect health. Many of them suffered with indigestion, sick headache, sour stomach, dyspepsia, palpitation and other stomach disorders. They are all well today. They took Pepsinco because it helped others; because it is highly recommended.

So many ordinary ills are closely allied to stomach faults that it is safe to apply the definition of indigestion to practically every internal complaint. If you have trouble with your food—if gas follows eating, if belching distresses you, if flatulency produces heart palpitation or heartburn—then Pepsinco is the preparation for you to take, for it offers the relief decidedly the quickest and best.

You try it out. Take a dose of Pepsinco. You'll find we are right. You'll feel better after the first dose. It's prompt action will bring you around to normal health quickly and safely.

Pepsinco will tone up the stomach nerves; it will brace you up and make you feel like a new person. It will permit you to eat and enjoy what you eat. No distress follows a meal if you take Pepsinco. Ask your druggist today for a small package of Pepsinco and your stomach worries will be over. It is inexpensive. It is a friend worth while. Don't delay. Get it now—today—and prevent a chronic condition that is bound to follow neglect of the stomach. We will send a sample if you will mail your name and address. The Neugo Pharmaceutical Company, Wapakoneta, Ohio.

CARRANZA'S PLAN HAS 1 SUPPORTER

Argentina Wants Peace Without Victory and Favors Neutral Embargo.

LOOKING OUT FOR HERSELF

BY CHARLES P. STEWART.
(U. P. Staff Correspondent.)

Buenos Aires, March 5.—(By Mail)—Gen Carranza's proposal that the neutral countries cut off supplies from the belligerent nations unless the latter makes peace terms has many supporters in official circles here.

The officials who favor the Mexican first chief's plan say they do not believe it was dictated to him by the Germans. Even so, however, they declare they want to see peace restored and do not particularly care whether this is accomplished by pro-German, by pro-ally or by entirely neutral influence.

A large South American element objects to an out-and-out victory by either of the European groups. The view is that South America will suffer if either side should gain a complete monopoly of South American trade.

The suggestion that the United States would furnish competition in either case is held to be a distant prospect on the ground that it will take the United States some time to build up an adequate mercantile marine, if she ever does.

PLAN CAMPAIGN FOR BETTER FILMS

College Women Believe Pictures Should be Improved—to Educate Masses.

TO KEEP PUBLIC INFORMED

(By United Press.)

Long Beach, Calif., March 29.—Believing that the motion picture is the greatest factor in the education of the masses, the National Federation of College Women today decided upon "Better Films" as its chief work for the ensuing year. A vigorous campaign in behalf of better films is planned, and the plans also include formation of a bulletin service to advise women's clubs throughout the nation regarding the various films as they are released.

Mrs. Myra Kingman Miller, president of the Federation, named Mrs. Harriet H. Barry of Monrovia, California as national chairman of the "Better Films" department. Her plans for the project will be one of the important features presented at the Biennial National session of the Federation in Portland, Oregon July 10-13 inclusive.

RESTRICTION IS REMOVED

English Women Smoke at Work Since War Started.

(By United Press.)

London, March 15.—(By Mail)—Women in England who smoke outnumber their American sisters possessed of the same weakness. One sees in the restaurants as many who smoke as who do not. It remained for the War to remove the next to last restriction. They are now smoking while at work in at least one London office. The last restriction will go when they are seen smoking in the streets.

Male army clerks have already fallen heir to the habit also. The only regulation prescribed is that they must not smoke before 11 o'clock or after 3 p. m.

WILL ESCAPE HANGING BECAUSE THERE'S NO PLACE TO STRING HIM

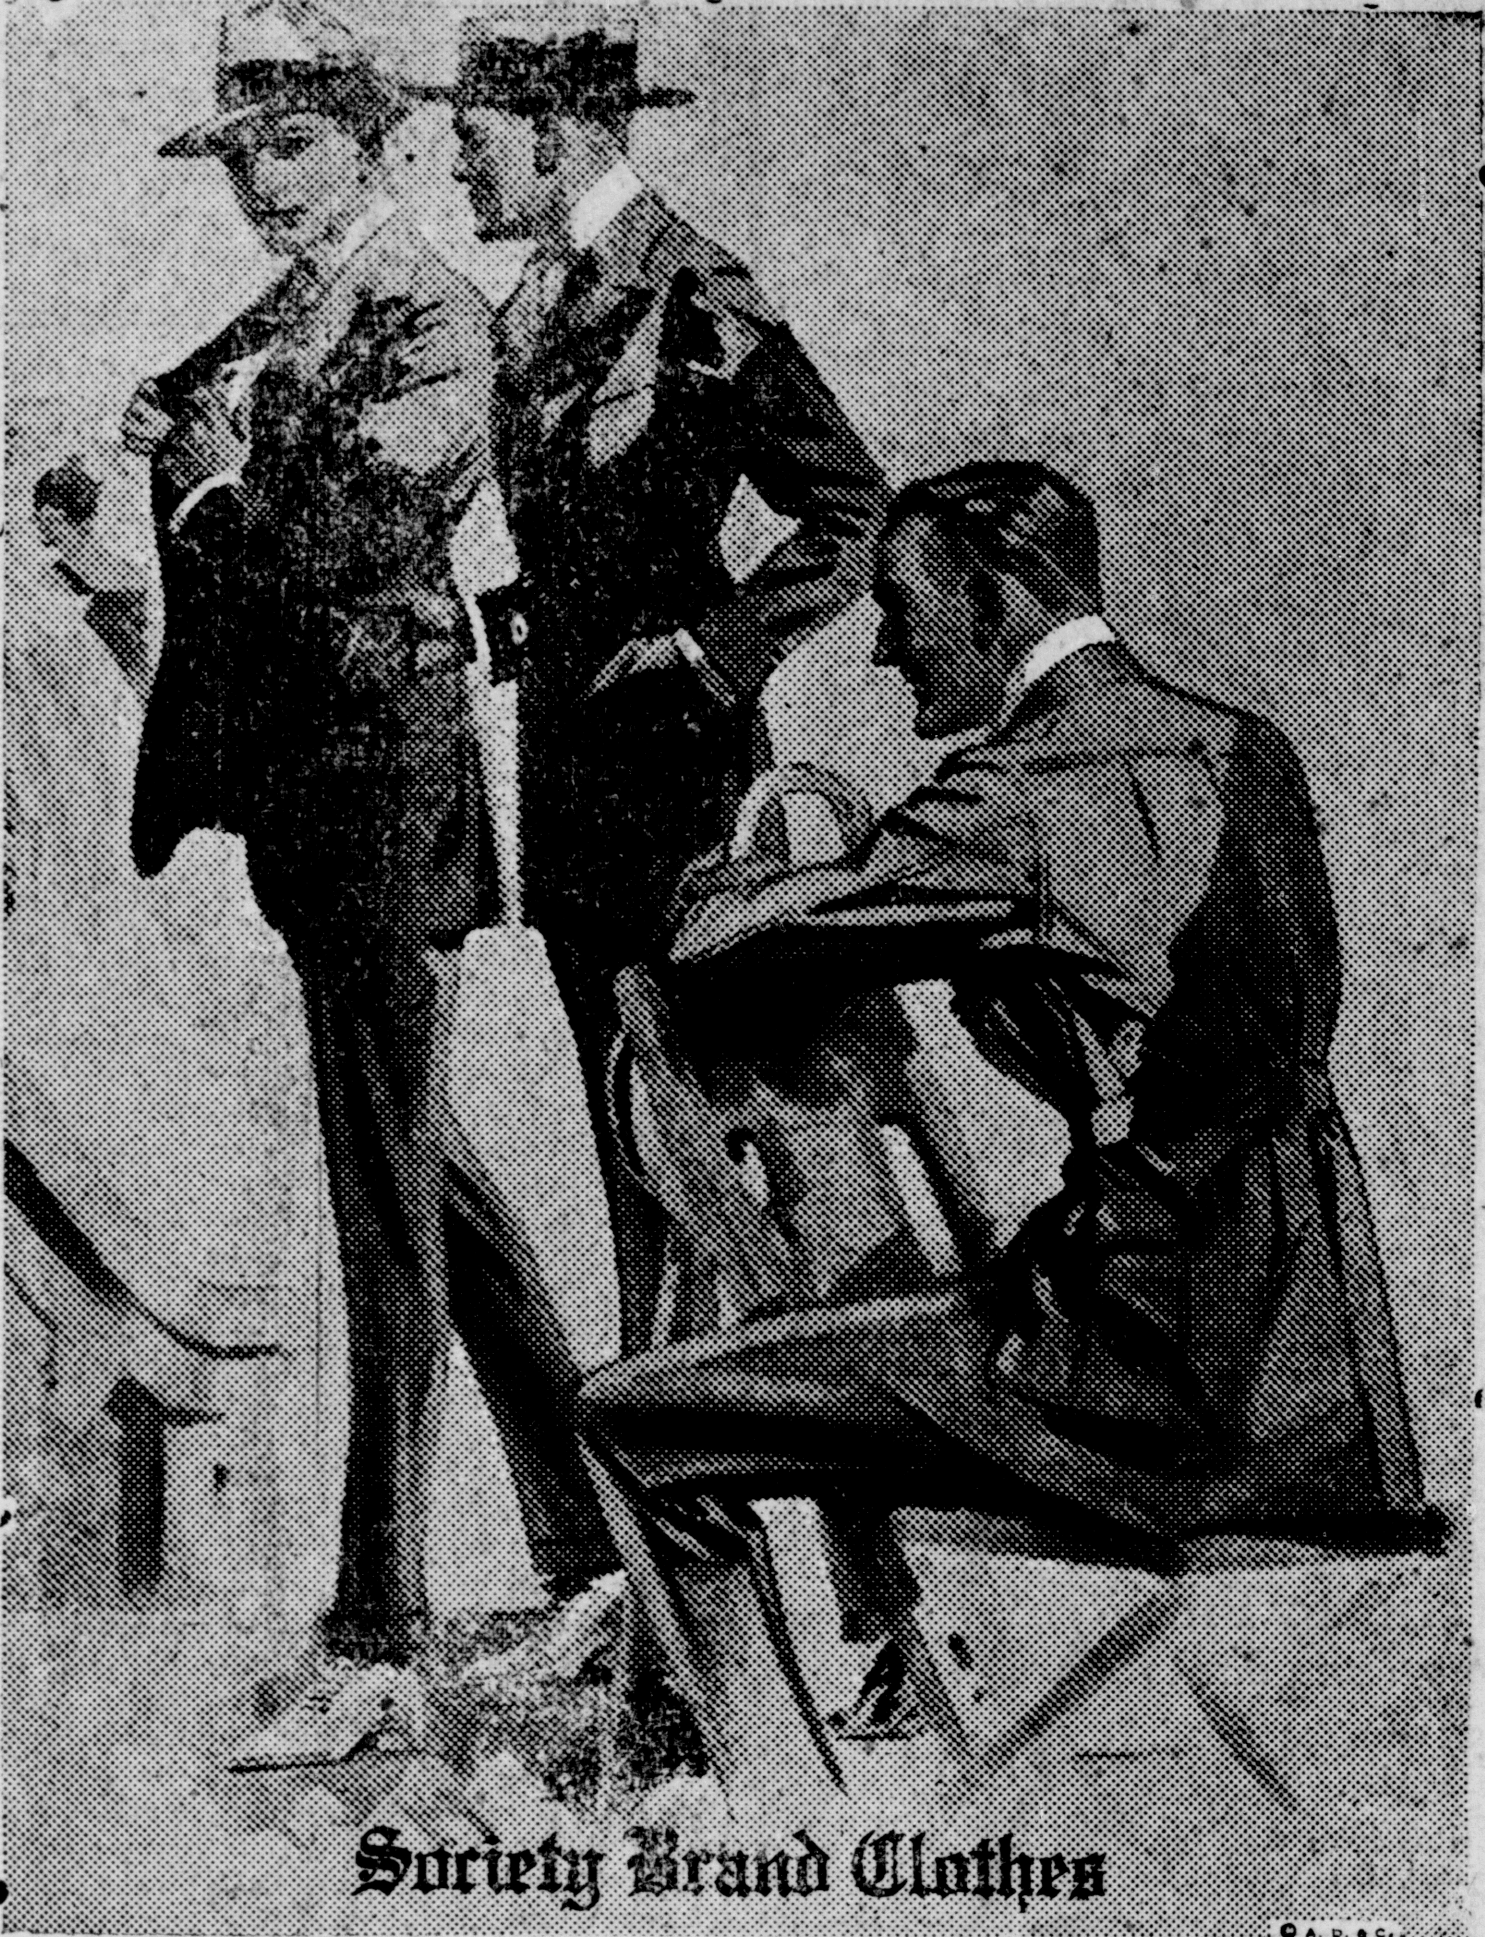

Spokane, Wash., March 29.—Because there is no place in which to hang him, Edward Mayberry, half breed Indian, probably will escape the death sentence imposed for the murder of Alice Vivian on the Colville reservation last August.

President Wilson granted Mayberry a 30 day respite so his law-

yers could appeal from the sentence, on the ground that it could not be legally carried out in the state of Washington, where capital punishment is barred. This respite will expire a week from Sunday.

The woman killed by Mayberry was alleged to be his wife. He said the shooting was accidental. As it occurred on federal government property, United States Judge Rudkin went ahead and condemned Mayberry to death, in spite of Washington's law against executions. The original hanging date was January 19.

Mayberry obtained a postponement until March. Then it was necessary to find a place inside the state boundaries and yet not under state jurisdiction where a gallows could be legally erected. The federal building was deemed United States territory and plans were made to hang Mayberry on the roof. His lawyers objected and demanded

Society Brand Clothes

Call for Your Spring Clothes — They're Ready

EASTER will soon be upon you. Are you ready? We are. So are many of your friends who have been here and picked out their dress equipment. This store is always early with the latest—that's part of our service. Unless you come early you'll miss its advantages.

The figures above show striking types of Society Brand Clothes for Spring—Clothes for Young Men and Men Who Stay Young. Note the effective military cut of the coats and the straight, narrow trousers. These are distinctive Society Brand features.

We also are the exclusive agent for Style Plus clothes at \$17.00. The same price the world over. The clothes the H. C. of L. has not raised. Likewise the latest dress accessories to go with them—shirts, cravats, handkerchiefs, gloves and hose. Come in and see them today.

Knecht's O. P. C. H.

a ruling by the treasury department. Mayberry remained calm and carpenters began measuring off a place to build the scaffold.

The treasury department ruled that the plan was illegal. President Wilson granted Mayberry a reprieve to April 10, at which time he will be imprisoned for life, likely.

Headquarters for the complete Standard Line

Again Let Us Ask You Why not a Maxwell in prefer- ence to any other car of its price and class?

The Maxwell will run more than five thousand miles on one set of tires.

The Maxwell will operate at a speed of fifty miles per hour, and 20 to 25 miles per gallon of gasoline.

The steering gear on the Maxwell is sure.

The brakes on the Maxwell are fine.

The springs on the Maxwell have been lengthened, making the car much easier riding this season.

The seats have been widened, giving more comfortable room. There is nothing to buy for the Maxwell afterward.

Maxwells are all fully equipped with electric starters and steady lights, need no shock absorbers, have a speedometer, have the same size tires on all four wheels and are a pretty car to look upon.

It is a car that will go anywhere any other car can go. We openly challenge any other car of its class to do anything the Maxwell will not do.

Come around and compare the Maxwell in its price with all others.

Possibly there is something new on the car you do not know of. We believe we can explain several things you do not know about the nicest little car that travels the roads.

Touring \$650. Roadster \$635.

A Few Timely Hints for Home Gardner to Follow

Department of Agriculture Horticulturists Outline Principles for
Making a Success of the Home Vegetable
Patch.

VII. How to Grow Irish Potatoes in Vacant Lots and City Yards.

Many persons prompted by the high price of Irish potatoes have written to the U. S. Department of Agriculture asking how to grow them successfully in their back yards or in vacant lots in their neighborhoods. Others, who in the past have raised potatoes as a profitable way of utilizing idle land or as a crop which repays them, in whole or in part, for the cost and trouble of keeping down weeds and giving a more orderly appearance to their properties, point out that good seed potatoes are scarce and high in price, and ask whether there is not some method of reducing the cost for seed for their plots or half acres.

The cost of seeding, the garden specialists of the Department point out, can be greatly reduced if, instead of using a whole potato for planting, the gardener will cut out from potatoes cone-shaped pieces of flesh, each containing an eye of the potato. In this way only from one-fourth to one-fifth of the flesh of the potato will be needed to provide seed and the remainder of the potato can be cooked for table use. These cones range from one-fifth to one-seventh of an ounce in weight, whereas, under the usual methods, the sets range from three-fourths to two ounces in weight. A gardener, under ordinary conditions, will get best results by using 15 to 18 bushels, or 900 to 1,080 pounds of potatoes to the acre. This method of preparing sets, therefore, should make available for table use over 675 pounds of potato flesh which, under ordinary conditions, would be planted per acre.

To plant a plot 50 by 100 feet, or approximately one-ninth of an acre, at the same rate of seeding would call for 1 2/3 to 2 bushels of seed, planted in the ordinary way. The method of using the cones and eyes and cooking the remainder of the flesh, therefore, becomes a worthwhile economy even when a small area is to be planted.

Under this plan it is not necessary to prepare the seed all at one time. From day to day the cones for seeding can be cut from the potatoes as they are being prepared for the table. The cuttings then should be spread out on a piece of paper in a moderately cool room (about 50° F.) and allowed to remain there until they have cured, that is, until the cut surface has become dry. A day or two should suffice for this, and potatoes then should be put in a shallow box or tray and placed where it is still cooler. Any storage condition that will insure them against frost on the one hand and undue shriveling on the other should prove satisfactory.

These seeds can be started indoors, provided it is possible to secure suitable soil and boxes. In such cases it may be desirable to plant the eye cuttings at once, and allow them to start into growth indoors with the idea of transplanting them into the open ground when danger of frost is past and the ground is dry enough to be cultivated.

The smaller the size of the set, or seed piece, used the more thorough must be the preparation of the soil. The more finely the soil is pulverized and the more uniform the moisture conditions which can be preserved in the soil, the better is the chance for the small seed piece to establish itself. A small set in rough, lumpy, or dried-out soil has little chance to live, let alone make a crop.

Generally speaking, the smaller the size of the set, the closer it should be planted in the row if maximum yields are to be secured. Such sets may be expected to give the best yields if not spaced more than 10 to 12 inches apart in the row.

Successful potato growing, the garden specialists advise their correspondents, hinges largely on the following factors:

2. Abundance of available plant food and moisture.

3. Selection of proper varieties.

4. Good seed and good tillage.

5. Thorough protection of the plants against insect and fungous pests.

The types of soil in which the potato plant thrives best are those designated as sandy or gravelly loam soils. It may be grown with a fair degree of success on any type of soil except loose sand and a heavy, sticky clay soil, provided the land is well drained and contains the necessary plant food.

Successful potato production is dependent to a large extent on the thoroughness with which the land is prepared before planting the crop. Where a horse can be used, the land should be plowed from eight to ten inches deep, provided the surface soil is of a sufficient depth to permit it. It is never advisable to turn up more than one inch of raw subsoil at any one plowing, so if previous plowings have not been over six inches the maximum depth at which it should be plowed is seven inches.

Where hand labor is employed, the same rule should govern as to depth. In spading, especially on grass or waste land, turn the earth bottom side up. Whether the land is plowed or spaded, it should be thoroughly pulverized immediately afterwards. It is a bad practice to allow the freshly turned soil to bake in the sun and wind, and thereby become cloddy, and, at the same time, lose a large per cent of its moisture.

Where horse labor can be used, the land after plowing should be thoroughly disked first, then spring-toothed, and finally finished with a smoothing harrow. Where land must be prepared by hand, it is good practice to pulverize the soil as much as possible when spading it.

A FEW TIMELY HINTS FOR HOME GARDENERS TO FOLLOW

Continued from Page 8.

up, after which it can be put in a fine condition of mellowness with a steel garden rake. The importance of thoroughly fining the soil can not be overemphasized, for it increases the water-holding capacity of the soil, renders most plant food available, and reduces the number of weeds.

In the Northeastern United States and along the South Atlantic seaboard, the Irish Cobbler, Early Petoskey, or Early Standard, all of which are practically identical, may be expected to produce larger crops and be more generally satisfactory for an early crop than the others mentioned. Quick Lunch and New Queen would be regarded as second choices for this section.

In the South Central and Southwestern States, the Triumph may be expected to give results equal to or even better than the Irish Cobbler.

In the Middle West, the Early Ohio should do well, while the Early Harvest and Early Rose may be regarded as second choices.

In the New England States, Long Island, and northern New York, the Green Mountain, Gold Coin, Delaware, and other late varieties of that class do best.

In northern Michigan, Wisconsin and Minnesota, the late varieties named above do about as well as the Rural New Yorker No. 2, and are superior to it in table quality.

In western New York, southern Michigan, and Wisconsin, and Iowa, the Rural New Yorker No. 2, Sir Walter Raleigh, and Carman No. 3 are the best adapted varieties, and divide honors with the Green Mountain in the northern portions of these States.

Throughout Maryland, Virginia, and the Carolinas, Tennessee and Georgia, the variety known as McCormick is quite generally grown as a late variety. In a favorable season the Green Mountain can also be grown.

The date of planting necessarily must be governed by climatic conditions. In attempting to produce an early crop as possible, some risk must always be incurred of the plants being injured by late spring frosts. As a general proposition, it is best to plant potatoes as soon as there is little likelihood of killing frosts after the plants are up and the ground is in condition to work.

The following dates of planting for various cities should be regarded only as the approximate time at which early potatoes might safely be planted:

March 15-25, Washington, Baltimore, Philadelphia, Cincinnati, Louisville, St. Louis.
March 25, April 5, New York, Indianapolis, Detroit, Chicago.
April 5-15, Boston, Albany, Rochester, etc.

In the northern cities late varieties should be planted from three to four weeks later.

Plant the small eye cuttings from 1 1/2 to 3 inches deep, depending upon the character of the soil—the lighter the soil the greater the depth of planting. Larger sets may be planted 4 inches deep.

If an early variety is planted, and the work is to be done by hand, the rows may be spaced as close as 26 inches, whereas if cultivation is to be done with a horse, 30 to 34 inches usually is allowed.

If a late variety is planted, the spacing should be greater say 34 to 36 inches between the rows and 12 to 14 inches between the plants in the row. The closeness of planting should be determined first by the variety, and second by the amount of available plant food and moisture

LISTEN TO THIS! SAYS CORNS LIFT RIGHT OUT NOW

You reckless man and woman who are pestered with corns and who have at least once a week invited an awful death from foot-rot or blisters are now told by a Cincinnati authority to use a drug called *Foot-Lifter*, which the moment it is applied is applied to any corn, the corn is lifted and soon the entire corn, root and all, lifts out with the fingers.

It is a sticky ether compound which does the moment it is applied and simply shrivels the corn without inflaming or even irritating the surrounding tissue or skin. It is claimed that a quarter of an ounce of *Foot-Lifter* will cost very little at any of the drug stores but is sufficient to rid one's feet of every hard or soft corn or callus. *Foot-Lifter* is a valuable remedy at a corn is a nuisance.

Serum Station....

The Swine Breeders Pure Serum Company of Thorntown, Indiana, has established a Serum Station at Rushville for the benefit of their stockholders and also the farmers of this part of the State who want to use a high class serum.

We sell direct to the farmer and guarantee him the best, pure, potent serum and virus that can be obtained anywhere. This serum is strictly frost-bled serum, obtained by killing the hog outright and this is the only plant in the country using this method.

The company has arranged to keep serum on hands at Kramer's Cold Storage Plant, and anyone wanting serum can get it any time. We are prepared to answer calls for vaccination at all times and have an office with the Nipp Insurance Company over the Rushville National Bank.

AMELIA BARR DOES NOT LIKE STYLES

Half Portion Gowns and Undressed Women Shock Authoress, Who is 87 Today.

SAYS CLOTHES ARE UGLY

New York, March 29.—Undressed women in half gowns shock the venerable authoress, Amelia E. Barr, she admitted on this, her 87th birthday. Mrs. Barr, who has her home at Richmond Hill, Brooklyn, is the author of more than 75 novels which for more than half a century have been perused by the novel reader of this and other countries.

Mrs. Barr believes Dame Fashion shows poorer taste and less of it today than at any time in the last 75 years. Women of today, Mrs. Barr declared, do not dress, they undress. And their clothes are ugly too, she says. In addition to that she thinks girls today go in too much for athletics and use too much slang. Slang in the mouth of a woman, she said, is a sure sign she is on the downward path. Golf and tennis are for men only, she believes.

Mrs. Barr is as alert and active as at 40.

The Rev. Mr. Knauer will preach at Plum Creek next Sunday, both morning and evening.

100,000 MORTGAGES IN STATE

(By United Press.)

Indianapolis, Ind., March 29.—More than 100,000 mortgages were issued in Indiana during 1916, according to the figures compiled by Henry A. Roberts, state statistician. The mortgages included security on loans on farms, city and town property, schools and personal property. The total amount represented by the mortgages was \$139,380,693.

PROTECT CROPS

(By United Press.)

Indianapolis, Ind., March 29.—Present high prices and shortage of food supplies makes it highly desirable that more care than ever be taken of all crops and that they be protected from insects and disease in every way possible, according to Frank N. Wallace, state entomologist. Wallace urged residents to send specimens of insects or disease to the entomologist's office for identification and advice regarding the best means of combating it.

C. T. WILSON SPEAKS

(By United Press.)

Huntington, Ind., March 29.—The anniversary of the board of home missions was observed today at the annual meeting of the North Indiana Methodist Episcopal conference. Clarence True Wilson, Washington, D. C., spoke at the anniversary meeting of the temperance, prohibition and public morals conference. Dr. M. S. Rise of Detroit will speak at the anniversary meetings tomorrow. The anniversary of the Epworth League will be observed Saturday.

WOMEN'S SOCIETIES MEET

(By United Press.)

Representatives from Adams, Wells, Huntington, Elkhart, Lagrange, Steuben, Dekalb, Noble, Kosciusko and Whitley counties were present. The meeting will continue over Friday.

The 2nd. division of the aid society of the Methodist church will have an exchange next Saturday in the Puntenny room, North Main street. 14r2.

WHAT-YOU-MAY COLUMN

BY "GM."

Haircuts.

A haircut is one of the few indignities that baldheaded men don't have to suffer.

It's a habit, the haircut is, among men with densely populated heads. But it is no ordinary habit. It's a habit a man has to hire another man to practice for him.

There are fashions in haircuts, as in everything else. The old fashioned haircut circled the base of a man's brain and stopped. But today it goes on down the back of his neck to see what his collarbone's doing.

Generally speaking, the haircut is a misfortune. If it wasn't for haircuts we would abolish barbers.

GERMAN EMPLOYEES "FIRED"

San Luis Potosi, Mexico, March 28.—More than 2,000 Germans who have been working in the oil fields at Tampico and Vera Cruz have been dismissed by the oil companies. Many of these men have arrived here. They are without employment.

Hot Water The Best Liver And Bowel Medicine

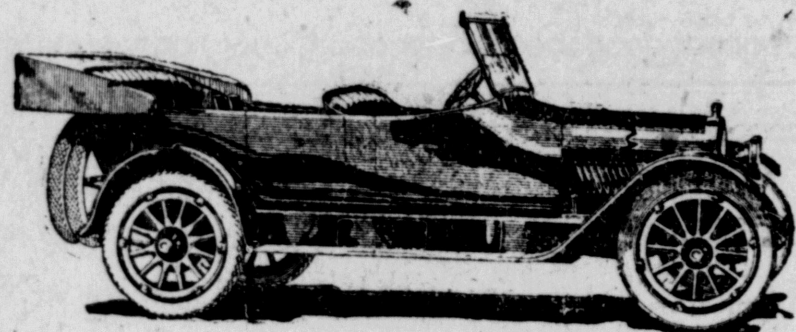

Says Glass of Hot Water Before Breakfast Washes Poisons from System

Physicians the world over recommend the inside bath, claiming this is of vastly more importance than outside cleanliness, because the skin pores do not absorb impurities into the blood, causing ill health, while the pores in the ten yards of bowels do.

Men and women are urged to drink each morning, before breakfast a glass of hot water with a teaspoonful of limestone phosphate in it, as a harmless means of helping to wash from the stomach, liver, kidneys, and bowels the previous days' indigestible material, poisons, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Just as soap and hot water cleanse and freshen the skin, so hot water and limestone phosphate act on the eliminative organs.

Those who wake up with bad breath, coated tongue, nasty taste or have a dull, aching head, sallow complexion, acid stomach; others who are subject to bilious attacks or constipation, should obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to demonstrate the value of inside bathing. Those who continue it each morning are assured of pronounced results, both in regard to health and appearance. (Adv.)

Announcing the New Seven-Passenger Oldsmobile

A MOTOR CAR creation, distinctive in every line—this is the new seven-passenger, eight-cylinder Oldsmobile. Exquisite harmony of outline and over-all proportions distinguish this car—the result of nearly twenty years of experience in combining beauty with comfort, sturdiness with grace.

The purpose underlying this car is to build a car that in smoothness of performance, mechanical excellence, and refinement of finish, will be instantly recognized as the peer of the world's finest motor cars by the most fastidious and calculating buyer.

And the price, due to large production and unexcelled buying power, is such that it is well within the reach of the average buyer—\$1367, f.o.b. Lansing.

The car is now on display at our show-room. Call or write today for a demonstration.

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite to impart color and a youthful appearance to the hair. It is not intended for the cure, mitigation or prevention of disease.

FACTORY COMMITTEE WILL MAKE A REPORT IN WRITING

Men Who Went to Chicago to Investigate Modern Appliance Co.

Hint it Will be Favorable

MEETING TO BE FRIDAY NIGHT

Metal Working Factory With Excellent Prospects Can be Located Here, it is Indicated

TWO WEEKS NEGOTIATIONS

President, Who Was Here Week Ago, Makes Very Favorable Impression on Local Men

The committee of two men who went to Chicago early this week to investigate the Modern Appliance company, which can be located here, will make a written report at a meeting to be held in the court house assembly room tomorrow night at seven-thirty o'clock.

All persons who are interested in the future industrial welfare of Rushville are urged to be present at the meeting prepared to act because the committee must report what can be expected from Rushville by next Tuesday at the latest.

The committee, which arrived home last night from Chicago, intimated this morning that their report will verify everything that has been said in favor of the company. The committee is composed of R. L. Tompkins and S. L. Trabue. They spoke very enthusiastically of the business and a meeting was held were very favorably impressed, by the things they learned about the concern.

The Modern Appliance company makes novelties and is now being operated on a paying basis. It is commonly called a metal working factory. The concern merely wants a chance to expand with more working capital and more machinery. The president of the concern, Mr. Falk, is the inventor of the principal product of the concern, a telephone bracket, and has other inventions worth while which will be manufactured when the business once gets a chance to grow. A group of Rushville men who have been casting out lines in an effort to find a proposition that could be handled here, happened on to the Modern Appliances company by chance.

The whole thing started at a banquet a week ago Monday night. Will Dill and John Crowley at that time disclosed the work they had been doing in endeavoring to find a factory that Rushville would support. The members of the Rush County Business Men's association appointed a committee following the banquet to confer with Mr. Dill and Mr. Crowley and co-operate with them in any way possible to advance the industrial welfare of the city.

Mr. Dill went to Chicago the next day to investigate a lathe which he had heard about. While making inquiry about that product he got into the establishment of the Modern Appliance company and found what a fine institution it is and what fine prospects it has. He broached the subject to Mr. Falk and the latter readily consented to come to Rushville to see what could be done. They arrived here on Thursday night of last week and the next morning a meeting was held with the committee from the business men's organization. They were all impressed by Mr. Falk and his business and a meeting was held that night at the Windsor hotel.

At that time a good-sized bunch of stock in the concern was subscribed but it was decided that a further campaign of selling stock should be held until a committee

GLIMPSE OF VENICE IS GIVEN AUDIENCE

Miss Anita Conte, Lectures Concerning Her Native City and Illustrates it With Views

FIRST OF THREE LECTURES

Describes Many Places of Interest, From Historical Standpoint and for Their Beauty

A vivid glimpse of Venice was given last evening when Miss Anita Conte, a native of Venice, lectured before a large crowd in the Graham high school, giving her first of a series of three lectures. The subject chosen last evening by Miss Conte was "The Queen of the Adriatics" and she proved why she called her home city that name, by dwelling upon the beauty and power of Venice.

Miss Conte's next lecture is to be given in the same place on April 11, when she will talk on "Masters and Masterpieces of Venice." The third and last lecture of the series is to be April 25 on "Venice From A Gondola" when Miss Conte's talk will be augmented by musical numbers by her sister, Miss Adella Conte, who is a talented vocalist. The course of lectures is under the management of the Shakespeare Club.

In her talk last evening, Miss Conte displayed a brilliant intellect and charming personality. Miss Conte has studied in Florence, Venice, Sicily and Boston, Mass., and is now teaching several languages in the Indianapolis Conservatory of Music. She was assisted last evening by her sister, Miss Adella Conte.

In giving views of Venice, she described many places of particular interest, both from a historical standpoint and for their beauty. The speaker characterized her home city as "The Queen of the Adriatics" because of the very important part it had played in the history of Italy and for the control of trade it had had both on land and water.

Miss Conte was introduced by Miss Henrietta Coleman, who had known her personally in Venice.

could be sent to Chicago to investigate.

In addition to the telephone bracket, The Modern Appliance company has an automobile oil cup, an ink pad and other novelties which have never been pushed. The company also has a contract to manufacture a frame to carry a glass in automobile curtains. The invention was perfected by a woman of Los Angeles. She happened to be in Chicago last Thursday and a telegram brought her here for the meeting that night. She explained her invention, the excellent prospects for its sale, displayed some sample orders and favorable replies from some of the largest automobile manufacturers who are considering adopting it as a standard equipment on their machine.

This woman has been manufacturing in Los Angeles, but she is so far from the automobile centers that she could not compete because of the excessive freight rates and raw material to the coast and freight rates on the finished product to get it back east.

The committee tomorrow night will make a written report and will ask that it be incorporated in the minutes of the meeting. In addition, the committee will answer all questions in regard to the financial condition of the company and its standing in Chicago.

Proclamation!

Whereas, a National Crisis exists in the affairs of our country, which requires the attention of every true and loyal citizen, and whereas, a call to the armed forces of the Nation requiring them to assemble and to protect our institutions and our people in the pursuit of their lawful business; and whereas, a condition exists which appeals to the loyalty and patriotism and requires the support of every true American citizen; and whereas a company is being formed, in our midst, of our sons and brothers, a movement, which deserves the enthusiastic and loyal support of every right minded, true and loyal person in this community;

I, now, by reason of the authority vested in me as Mayor of the City of Rushville, Indiana, hereby appeal to the citizens as a token of their loyalty to the country, to display the American flag from their residences and their respective places of business and from all public buildings and hereby fix the hour of 7:30 P. M. Friday, April 6th, 1917, A. D., at the Assembly Room in the Court House, as the hour for a Patriotic Mass Meeting of all the citizens of this community, where all persons may attend and express their sentiments in favor of patriotism and loyalty to their country and by their presence attest their devotion and allegiance to the Stars and Stripes, and I hereby invite all citizens of Rush County to join in this meeting that we may demonstrate to the country our steadfast and unswerving loyalty and devotion to the flag.

In witness whereof I have hereunto set my hand and official seal this 28th day of March, 1917.

CLATA L. BEBOUT,
Mayor of the City of Rushville, Ind.

IS OUSTED FROM ANOTHER PLACE

Fon Riggs Loses Job as Oil Inspector Before Beginning Duties, by Court Decision

LAW IS UNCONSTITUTIONAL

Rushville Man Once Appointed Inheritance Tax Appraiser and Legislature Abolished Office

Fon Riggs certainly plays in "tough luck" when it comes to holding political jobs. Once he was appointed inheritance tax appraiser and after appraising one estate was pushed off the job by the legislature which enacted a law providing that the county assessor should act as inheritance tax appraiser. The latest piece of tough luck is his separation from the pay roll as an oil inspector.

This came yesterday when three federal judges granted a temporary restraining order against Carl H. Mote and the sixty-two deputy inspectors and declared the oil inspection law unconstitutional. The decision was given after argument on a petition for injunction of the Moore Oil company of Cincinnati and five other oil concerns.

Mr. Riggs was appointed about two weeks ago following the ousting of the democratic inspectors by Governor Goodrich. He had not yet taken up his duties. The new angle of the oil inspection controversy adds another chapter to a fight which extended throughout the last campaign and which was followed by a bitter fight in the last legislature, when the governor's program

OWEN SWEET IS SET FREE BY THE COURT

Man Accused of Issuing Fraudulent Check, in Grand Jury Indictment, is Discharged

CASE TAKEN FROM THE JURY

Court Holds There is no Evidence of Fraud—James O. Draper is Fined \$1 and Costs

The case against Owen Sweet, charged in a grand jury indictment with issuing a fraudulent check to Miss Agnes Winston, was dismissed in the circuit court today by Judge Sparks because of a lack of evidence and the defendant was discharged. Other criminal cases were disposed of also.

A jury had been empaneled and the evidence was being heard when Judge Sparks discovered that under the law Sweet could not be convicted, and he withdrew the case from the jury and dismissed it. A motion to quash the indictment was overruled by the court yesterday.

The evidence developed that Sweet had given Miss Winston the check for twenty dollars without funds in the bank, but that Miss Winston had not given him a receipt for the money and contended that he still owed her. Judge Sparks said the law was deficient in this regard, but that he could do nothing but discharge the defendant. He said it had to be shown that the prosecuting witness had to be defrauded out of something, which was not true in this instance.

James O. Draper was fined one dollar and costs on a charge of as-

MEETING TO GIVE OUTLET FOR PENT-UP PATRIOTISM

PUTS OFF VITAL PART OF MESSAGE

President Wilson Holds up Judgment on Important Details, Pending Late Developments

HOLLWEG'S SPEECH AWAITED

Effectiveness of Armed Neutrality Creates Strong Impression—Mediation Still Possible

By ROBERT J. BENDER
(U. P. Staff Correspondent.)

Washington, March 29.—President Wilson is holding up judgment on vital details of his message to congress, pending developments of the next few days. The German chancellor, Von Bethmann-Hollweg's expected address may give an outline of Germany's future course both as to the conduct of the war and as to the possibility of her making peace.

At the same time the effectiveness of armed neutrality as illustrated by the safe passage of armed American merchantmen to England has created a strong impression here. Comment among officials has also been aroused by the absence of Berlin criticism and boastfulness against the United States government during the last few days.

There are some who believe that with the great preparedness movement now under full swing in the United States, the president may, while presenting a bristling front to Germany, still hold out an appeal to all nations to talk mediation before the United States is forced into the war.

The preparedness of official opinion is that the president is through with exercising patience for Germany, is convinced that a state of war exists between the two nations, will so declare to congress and ask that every means be taken to bring the great war to a speedy and successful end.

TO BUILD MORE CHASERS

Washington, March 29.—Awards to private ship yards for the construction of additional submarine chasers have been made by the navy department. No figures as to prices or number of chasers ordered were given out. The immediate construction of additional ships at the New York navy yard, equipped for building battleships, has been authorized, the navy department announced today.

WOULD ABROGATE TREATIES

Washington, March 29.—Abrogation of all existing treaties between the United States and Germany, because of Germany's gross violations in sinking of American ships and taking of American lives, was advocated today by Senator Saulsbury, member of the foreign relations committee.

JOINS BRITISH ARMY

London, March 29.—Anstin Hoy, whose mother and sister were among the Americans who perished on the Laconia, foreswore his allegiance to the United States today and joined the British army. Hoy enabled President Wilson soon after the Laconia was torpedoed, demanding that the United States avenge their death.

Annapolis, Md., March 29.—Declaring the navy must be the first and chief arm of defense to safeguard the nation, Secretary Daniels today delivered an inspiring address to 180 midshipmen who were graduated from the naval academy two months ahead of the usual time.

Patriotic Demonstration For Citizens of Rush County is Scheduled for Friday April 6

MAYOR ISSUES PROCLAMATION

Invites All Citizens to Join and in This Way Demonstrate Unswerving Loyalty to Country

BACK GUARD COMPANY ALSO

Proclamation Calls on All to Display Old Glory at Residence and Places of Business

A patriotic mass meeting has been called for the court house assembly room Friday evening, April 6, at seven-thirty o'clock.

This was decided on at a meeting of a dozen public spirited men last evening. A general committee of five was appointed to make general arrangements for the meeting and to appoint other committees to look after the details.

Mayor C. L. Behout today issued a proclamation fixing the time and the place for the meeting and calling on all patriotic citizens to display their colors. The proclamation also invites all citizens of Rush county to join with the citizens of Rushville in the demonstration. It also calls on all citizens to display the Stars and Stripes at their homes and their places of business. "And I hereby invite," says the document, "all citizens of Rush county to join in this meeting that we may demonstrate to the country our steadfast and unswerving loyalty and devotion to the flag."

The meeting will be along strictly non-partisan and non-sectarian lines and is intended to offer an avenue for the expression of the pent-up patriotic sentiment of the community. It is also expected that the demonstration will arouse much favorable sentiment toward the proposed national guard company which is now being organized here. The company is assured a place in a regiment that is already organized and will be taken into the service just as soon as the required number is obtained and the men are given the medical examination.

"I hereby appeal to the citizens," reads the proclamation, "as a token of their loyalty to the country, to display the American flag from their residences and their respective places of business and from all public buildings."

The proposed meeting is to be known as a "patriotic mass meeting of all citizens of the community"

OWEN SWEET IS SET FREE BY CIRCUIT COURT TODAY

Continued from Page 1.

sault and battery with intent to kill when he pleaded guilty. He was accused of hurling a meat cleaver at Frank M. Miller, the prosecuting witness. It was alleged that the offense was committed August 12, 1916.

The request of Noah Moore that he be released from the bond of Robert Gilson, charged with assault and battery with intent to kill, was granted by Judge Sparks. Gilson was then allowed to go on his own recognizance without bond because of the sickness of his wife. This was done on recommendation of the prosecuting witness.

The criminal case against Clarence Rodney was dismissed by the court for the want of prosecution. It was stated that Rodney could not be found.

MRS. VASHTI COX EXPIRES

Mrs. Vashti Cox died at her home in Raleigh this morning shortly before three o'clock at the age of eighty years and eight months. Mrs. Cox had been ill for over a year and the death was caused by a complication of diseases. Mrs. Cox is survived by eight children, Samuel Rophermel, Harry Cox of Richmond, Va., John Cox of Indianapolis, Mrs. Clara Wildridge of Raleigh, Mrs. Elizabeth Holmes of Brookville, Mrs. Eva Oliphant of Evanston, Ill., Mrs. Verna Wiley of Liberty Center, Ind., and Mrs. William Siefert of Muncie. Mrs. Cox was a member of the Connersville Christian church. The funeral services will be conducted Sunday morning at 10:30 o'clock at the Raleigh Christian church with burial in the Raleigh cemetery.

Spring Coats and Suits for Women Who Know Real Values

CREATED BY Conde

CREATED BY Conde

Every new style development is represented in our showing of Conde Coats and Suits for Spring. Every detail of material and workmanship is correct.

More than a half century of "Knowing how" goes into the construction of every Conde garment and they're brimful of that distinctiveness that is dear to the heart of every woman who appreciates art in dress.

A visit to our garment department and a try-on will convince you that your next coat, suit or dress should come from Casady's.

The Conde Label in Your Coat or Suit Means

That the garment fits as perfectly as the hand of man can make it.

—That the quality of the fabric used is the best obtainable.

—That extreme care, even to the smallest detail is exercised in the construction of the garment.

—That you are assured of being correctly attired whatever the occasion.

—That you will get two full seasons of satisfactory service.

CASADY'S IS THE EXCLUSIVE CONDE REPRESENTATIVE IN RUSHVILLE

MEETING TO GIVE OUTLET TO PENT-UP PATRIOTISM

Continued from Page 1.

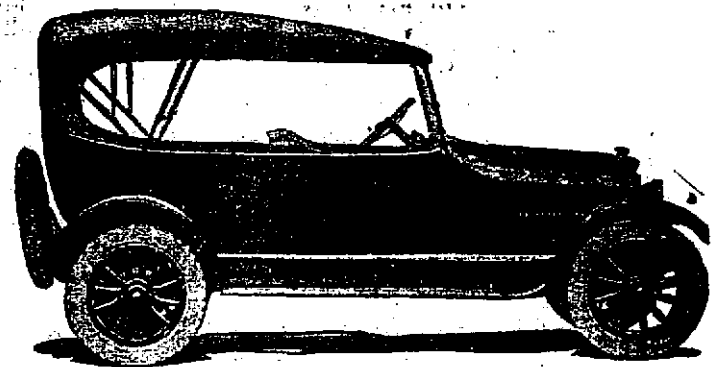

where all persons may attend and express their sentiments in favor of patriotism and loyalty to their country and by their presence attest their devotion and allegiance to the Stars and Stripes.

At the meeting yesterday evening John H. Kiplinger and John A. Tittsworth were appointed members of a committee to advise with Mayor Bebout regarding a proclamation to the people, and the general committee of four, with Mayor Bebout as ex-officio member and chairman, was named as follows: Samuel L. Trabug, A. L. Gary, John A. Tittsworth. This committee will be in general charge of the meeting and will appoint the other committees.

All meals at the Scanlan house will be 50c after April 1st. 1413.

POSTMASTER L. B. M'CARTY EXPIRES

Postmaster Leonard B. McCarty, age forty-nine years, died at his home in Carthage last night after a prolonged illness. He had been sick since the latter part of last September, and although he underwent an operation, he never improved any.

Mr. McCarty lived in Carthage many years, was unmarried and was the son of Mr. and Mrs. John H. McCarty. The latter is a druggist in Carthage. The younger Mr. McCarty was assistant postmaster at Carthage under Cleveland's second administration and later was postmaster for one term. He was again appointed under President Wilson's first term, taking office May 1, 1915.

Mr. McCarty is survived by his parents, one sister, Mrs. P. J. Sattler of Carthage, and four brothers, Ira and Bert of Fort Collins, Colo., and Omer and Otto of Carthage. The funeral will be held at the Fletcher M. E. church in Carthage Saturday morning at ten o'clock and burial will take place in the Carthage cemetery.

—Miss Margaret McDonald of Connersville was a visitor here last evening.

—Miss Jessie McCoy, a student in Oxford college, came this afternoon for a visit with Miss Fannie Stiers at her home east of the city.

—Mrs. Siddle Mowers has returned from El Paso, Tex., where she has spent the past five months as the guest of the Rev. and Mrs. Overstreet.

—Mr. and Mrs. William Alexander have returned to their home in North Main street after a two months stay in the south. The majority of the winter they spent in Coden, Ala., and later went to New Orleans, Mobile and a number of other places of interest.

Miss Marie Newhouse has resigned her position at the Guffin Dry Goods store and will attend summer school at Indiana university.

Another Tornado

This time it is going to hit Rushville. It hits this city every spring. This tornado does not destroy everything in its way, it just musses things up, tires people and when it has passed leaves this city better off.

YOUR HOME

cannot be insured for this tornado, only by taking the proper steps toward preventing it. The last few years we have helped many a housewife from this annual spring drudgery of housecleaning. Your draperies, curtains, fancy table linen and centerpieces, have them dry cleaned. Your rugs, both large and small ones, and your carpets, let us clean them also.

We clean rugs and carpets without removing the sizing; we either dry clean them, vacuum clean or scour them; all spots and dirty places are removed by our modern process and the rug or carpet will have the appearance of a new one.

Our out-of-town patrons, especially those in the rural districts—we will clean your rug the same day that you bring it in, so that you may take it home with you.

Our city patrons—call us up; we will call for and deliver your rugs or curtains.

DON'T WAIT UNTIL THE LAST MINUTE TO HAVE YOUR SUIT DRY CLEANED AND PRESSED FOR EASTER—GET YOUR ORDER IN NOW.

The 20th Century Cleaners and Pressers

GETS OUSTED FROM ANOTHER POSITION

Continued from Page 1.

for the abolishing of the oil inspection department was defeated by three senate republicans joining with the democrats in voting against the proposed change.

Mr. Riggs' deputyship covered the inspection of oil at Liberty, Glenwood and Rushville and the salary would have been between \$700 and \$850 a year. The order of the court prevents further enforcement of the law, which means that the offices are abolished.

It is not believed likely that the attorney general will seek a reversal of the decision. The state would have to show the court that the state is not collecting for the oil inspection work more than is necessary to pay expenses of the department.

ment. This would mean that the inspectors would have to serve without pay and this is not likely. It was admitted in the argument yesterday that the state does collect more than the total cost of inspection.

TO SPEAK TO BOY SCOUTS.

C. E. Means of Indianapolis, vice-president of the Boy Scout council here, is to speak to the Boy Scout organizations here on Friday evening at 7:30 o'clock in the basement of the First Presbyterian church. His subject will be "Boyscraft." The two organizations have been formed only recently. At the Christian church, where 35 boys belong, Carl Webb is scoutmaster and at the First Presbyterian church, where 24 boys have joined, Harry Petry is scoutmaster.

SEEKS DAMAGES FOR IN SHRINKAGE HOGS

Phillip S. Danbenspeck, William M. Combs and U. G. Bever, doing business under the firm name of P. S. Danbenspeck, filed suit today against the C. I. & W. railway company, demanding damages in the sum of \$200. The plaintiffs allege negligence on the part of the railroad in delaying a shipment of hogs from Connersville to Indianapolis.

The complaint states that on December 6, 1916 the plaintiffs delivered to the railroad a total of seventy-two hogs and because of negligence the hogs did not reach the Indianapolis market until two days later, resulting in loss from shrinkage and a drop in the market of \$144.42.

Chance For New Industry.

All through the corn belt of the North and the cotton belt of the South, the soy bean is growing successfully, yet we are importing soy bean oil in large quantities from Japan. This situation demonstrates the need of a constructive effort to establish a soy bean industry in this country that will make us independent of the producer across the Pacific. Soy beans paid a duty of 45 cents per bushel under Republican law, the oil and cake coming in free. Under the present law the beans and its produce are free of duty.

Northern Manchuria has been the great center for soy bean culture, and of course the labor cost there, compared with that in this country is negligible. A large proportion of the crop goes to Japan, where it is made into oil cake, oil cake meal, and oil. Here, again, the labor cost is at a minimum, with the result that the Japanese can command the market in these products all over the world. For example, a news item from Seattle, Washington, the other day, said that a train of 30 cars of Japanese soy bean oil had departed for the east for use in soap making. "Imports of soy bean oil through Seattle in March will have a value of 2,800,000." Some of the beans go also to England, and some to France, where a large oil-crushing plant is in operation at Marseilles, and where labor is considerably cheaper than it is here.

In the fiscal year 1913 we imported 11,000,000 pounds of oil cake, 1,875,000 pounds of which came from England, 1,000,000 from Canada, 3,000,000 from China, and 4,675,000 from Japan. In 1915, we imported 21,189,000 pounds, of which 8,000,000 came from Japan. During the calendar year 1916, we imported 45,000,000 pounds of this product. Not all of this oil cake was made from the soy bean, but all that came from Japan was, and foreign cheap labor had entered into its production.

Competition in soy bean oil has been even stiffer. In 1913 we imported 12,340,000 pounds; in 1914, 16,360,000 pounds; in 1915, 19,206,000 pounds. These are for fiscal years. During the calendar year 1916, just past, our imports of this oil reached the enormous total of 145,409,000 pounds. The price of animal oils and fats have become so high that soap makers are using soy bean oil, and there being no tariff duty to encourage the crushing of the bean in this country, Japan reaps the largest share of the benefit.

Southern cotton-seed crushers have declared: "If soy beans could be brought in duty free they could be used to prolong the operating season of the crushing mills and refineries. The oil made from them is becoming a large factor of raw material for soap making. There is no reason why there should be a duty on the beans since the oil crushed therefrom in England and on the Continent is admitted free."

And there was no reason for the duty on the bean unless it could be grown here, which has been tested out to our satisfaction. Failure to do so, the oil and the cake, entering

Another Puncture

It always happens at the most maddening time—just when you want to catch a train or keep some important engagement. And usually it isn't really a puncture at all, but a leaky tube.

Now porous rubber (so-called) and leakage around the valves are among the commonest failings of cheap, machine-made tubes. If you are tired of these needless "punctures" equip your car with Kelly-Springfield Tubes. They are made slowly and painstakingly by hand out of real rubber.

They can be punctured, of course, but they won't leak. If you use Kelly-Springfield Tubes in Kelly-Springfield hand-made, real rubber tires you will add increased mileage to freedom from needless tube troubles. That's why the tubes and tires we sell are

Friday

Thimble Club, with Mrs. F. G. Hackleman at 515 North Morgan street, in the afternoon.

Rebekah meeting in hall at 7:30 o'clock. Degree to be conferred on class of candidates.

Mrs. Link's Bible class, with Mrs. F. B. Stearns at 222 West Second street at 2:30 p. m.

Mrs. Guy Mulbarger is entertaining the members of the Thursday Afternoon Card Club this afternoon at her home in this city.

Dr. and Mrs. Carl Behr; Mr. and Mrs. Gann Haydon and Miss Harriet Vrendenburg motored to Indianapolis yesterday afternoon.

A good attendance marked the meeting of the Ladies Aid society of the First Baptist church held in the church parlors yesterday afternoon. Mrs. Nancy Norris has been elected to succeed Mrs. S. G. Huntington as president of the society. Several important business matters were decided upon at the meeting yesterday.

The members of the B. N. Club held another one of their pleasant meetings at the home of Miss Pauline Gessler on Tuesday evening of this week. The club colors of pink and white were tastefully used in the pretty decorations and the dainty refreshments which were served following a social period and business session. Members of the club present were the Misses Ethel Young, Kathleen Coyne, Nellie Brown, Maymie Kuntz, Pauline Gosnell, Sarah Whitesides and Eleanor Doll. Mrs. Charlotte Havens will have the next regular meeting of the club.

Miss Henrietta Coleman was hostess at a delightful little dinner party last evening at her home in East Sixth street when her guests were the Misses Adelia and Anita Conte of Indianapolis, formerly of Venice, Miss Mary Sleeth and Earl B. Marlatt of this city.

Miss Katherine Hibben of Indianapolis and Ward H. Hackleman formerly of this city were among the guests of honor at the dinner party given last evening at the Woodstock Country Club near Indianapolis by Mrs. William Brown and Miss Cornelia Brown.

At the home of Mr. and Mrs. Michael McDonald in Jersey City, a beautifully appointed dinner was served and pleasant social day enjoyed by Mr. and Mrs. John Gartin, Wes McMichael, Mrs. Rena Matlock and Mrs. Ruth Hall of Shelbyville. The dinner was given at noon today. The comedy to be presented is

An intensely interesting review of Shakespeare's "Hamlet" featured the meeting of the Sorosis Club held with Mrs. Murphy at her home in Glenwood on Tuesday afternoon of this week. The play review was given by Mrs. Saxon, who commented upon the characters, reviewed the plot, and dealt with it in a very interesting manner. Responses to the roll call were given by naming a favorite character in Shakespeare.

Mrs. Bert Crisman of Connersville was an out-of-town guest. Dainty refreshments were served by the hostess following the program. The annual guest day of the club will be observed on April 10 at the home of Miss Florence Elliott. The program for this time has not been announced yet.

Mrs. Pierson and Miss Carrie Pierson of Flint, Mich., were the guests of honor at the little informal gathering held at the home of Mrs. Douglas Morris on Tuesday

EASTER TIDINGS

When You Walk Down the Aisle on Easter Morn, Madam

You know that hundreds of eyes will consider your costume from tip to toe. You needn't fear being the cynosure of all eyes or the object of the most searching glances when you are wearing The Mauzy Company's shoes, suits, dresses, hosiery, neckwear and gloves.

Gloves

A bright new pair of Silk or Kid Gloves are essential to complete your wardrobe for Easter Sunday.

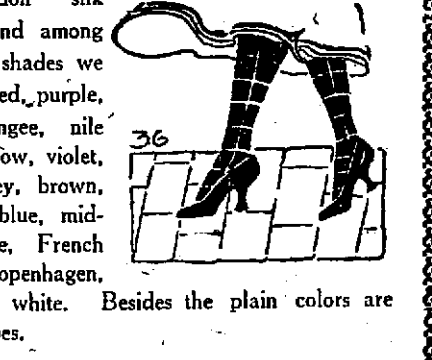

We have the dressed and doe skin kid gloves. The dressed kid are shown in all colors as well as black and white. Our black and white silk gloves are all

Silk Hosiery

Every color of the rainbow will be found here in pure thread silk hose.

afternoon. The dozen guests were agreeably entertained and the hostess served a delicious one course luncheon.

The Fairview Department Club met at the school building last evening, furnishing an unusually interesting program for the members. Mrs. G. F. Powers gave a sketch of James Whitcomb Riley and Miss Nelle Retherford read "Out to Old Aunt Mary's" from Riley. A piano duet was played by Miss Florence Doan and Miss Miriam Frye, the latter accompanying Miss Mable Bilby when she played a violin solo. A selection was played by the orchestra and at the close of the program the Rev. G. F. Powers gave a practical talk on "Waste on the Farm." There was a good attendance at the meeting.

Use "Gets-It," Lift Corn Right Off

Shrivels, Loosens—and It's Gone!
"Just like taking the lid off—that's how easy you can lift a corn off your toe after it has been treated with the wonderful discovery, 'Gets-It'—just once. You put 5 or 8 drops on, and it dries at once. There's nothing to stick. You can put your shoe and stocking right on again. The pain is all gone. Then the corn dies a painless, shriveling death. It loosens from your toe, and off it comes. 'Gets-It' is the biggest selling corn remedy in the world today. There's none other as good. 'Gets-It' is sold by druggists everywhere, 35c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

have wrapped your toes in bandages to look like bundles, who have used salves that turned your toes raw and sore, and used plasters that would shift from their place and never "get" the corn, and who have dug and picked at your corns with knives and scissors and perhaps made them bleed—just quit these old and painful ways and try "Gets-It" just once. You put 5 or 8 drops on, and it dries at once. There's nothing to stick. You can put your shoe and stocking right on again. The pain is all gone. Then the corn dies a painless, shriveling death. It loosens from your toe, and off it comes. "Gets-It" is the biggest selling corn remedy in the world today. There's none other as good. "Gets-It" is sold by druggists everywhere, 35c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

On Friday, April 6th, the members of the W. R. C. are to give a patriotic program in the assembly room of the court house when the special guests will be members of the G. A. R.

Mrs. Frye and daughter, Miss Miriam Frye, gave a pretty little dinner at their home in Falmouth yesterday when their guests were the teachers of the Falmouth schools. The elegant two course meal was served to Miss Nelle Retherford, Miss Florence Doan, Miss Vina Lockhart, Mr. and Mrs. J. R. Jeffrey, Mr. Bilby and daughter, Mable, and Miss Emaline Brown.

The Gings high school play "Captain Racket" will be presented in the hall at Falmouth tomorrow evening.

CONGREGATIONAL MEETING TONIGHT

The annual congregational business and social meeting of the First Presbyterian church will be held at the church this evening at 7:30 o'clock. Everyone connected with the church and Sabbath School and all members of the congregation are urged to attend. Following the program, the ladies of the church will serve refreshments during a social hour. The following numbers will be given on the program which is to begin at 7:30 o'clock.

Short song and devotional service; reports of all of the organizations of the church; address by Judge Douglas Morris; piano solo by Wallace Beer; song by the Junior choir; vocal duet by the Misses Norma Smith and Nancy Hogsett; solo by Miss Edith Buell.

MRS. W. H. PORTER DIES

Mrs. William H. Porter, age fifty-seven years, died at her home southwest of Carthage last night following a long illness. She is survived by her husband, three children and one sister, Mrs. Robert Mason of Greenfield. The funeral will be held Saturday morning at ten o'clock at Walnut Ridge and burial will take place in the church cemetery.

TEACHES TALENTS SHOULD BE UTILIZED

The man who stowes his talents away and accomplishes nothing with them is due to be condemned, was the thought that the Rev. L. E. Brown of Connersville conveyed to the audience at the Christian church revival last night when he spoke on the theme, "Napkins and Nothing." His subject tonight will be "Saved by a String" and tomorrow night, "The Man Who Came to Himself."

A large audience was present last night and a big chorus provided excellent music. Some special music will be offered tonight.

The minister based his sermon on the parable of the pounds. The Lord gave a pound to each of three men. One gained five pounds with his pound; another made two pounds; the third rolled his up in a napkin and did not use it. The first two were commended but the last was condemned for unfaithfulness and his pound taken away from him, which, the evangelist pointed out, was not an arbitrary disposal of it, but a working out of the law of nature, because "talents we do not use we lose." Through we use our talents, the minister said, and gain five or only two, we are to do what we can.

MOTHER-IN-LAW DEAD

Mrs. B. B. Searff of Osborn, Ohio, died at her home last evening at midnight at the age of 83 years following an illness of several months from stomach trouble. Mrs. Searff was the mother-in-law of J. P. Stech of this city, who received word this morning of the death. She died at the home of her daughter, Mrs. Ida Artz, and other survivors were her two brothers, Henry Neff of Hinawatha, Kan., and Andrew Neff of Connersville. The funeral services will be held on Sunday afternoon at one o'clock with burial in the New Carlisle cemetery.

WATCH YOUR STOMACH

IF FOOD SOURS, BOWELS CLOG, STOMACH HURTS, HEAD ACHES, BREATH BAD, HEART PALPITATES, TAKE PEPSINCO. YOU NEED IT. IT WILL HELP YOU.

Thousands upon thousands of persons are taking Pepsinco and are having perfect health. Many of them suffered with indigestion, sick headache, sour stomach, dyspepsia, palpitation and other stomach disorders. They are all well today. They took Pepsinco because it helped others; because it is highly recommended.

So many ordinary ills are closely allied to stomach faults that it is safe to apply the definition of indigestion to practically every internal complaint. If you have trouble with your food—if gas follows eating, if belching distresses you, if flatulency produces heart palpitation or heartburn—then Pepsinco is the preparation for you to take, for it offers the relief decidedly the quickest and best.

You try it out. Take a dose of Pepsinco. You'll find we are right. You'll feel better after the first dose. It's prompt action will bring you around to normal health quickly and safely.

Pepsinco will tone up the stomach nerves; it will brace you up and make you feel like a new person. It will permit you to eat and enjoy what you eat. No distress follows a meal if you take Pepsinco. Ask your druggist today for a small package of Pepsinco and your stomach worries will be over. It is inexpensive. It is a friend worth while. Don't delay. Get it now—today—and prevent a chronic condition that is bound to follow neglect of the stomach. We will send a sample if you will mail your name and address. The Neugo Pharmaceutical Company, Wapakoneta, Ohio.

CARRANZA'S PLAN HAS 1 SUPPORTER

Argentina Wants Peace Without Victory and Favors Neutral Embargo.

LOOKING OUT FOR HERSELF

BY CHARLES P. STEWART.
(U. P. Staff Correspondent.)

Buenos Aires, March 5.—(By Mail)—Gen Carranza's proposal that the neutral countries cut off supplies from the belligerent nations unless the latter makes peace terms has many supporters in official circles here.

The officials who favor the Mexican first chief's plan say they do not believe it was dictated to him by the Germans. Even so, however, they declare they want to see peace restored and do not particularly care whether this is accomplished by pro-German, by pro-ally or by entirely neutral influence.

A large South American element objects to an out-and-out victory by either of the European groups. The view is that South America will suffer if either side should gain a complete monopoly of South American trade.

The suggestion that the United States would furnish competition in either case is held to be a distant prospect on the ground that it will take the United States some time to build up an adequate mercantile marine, if she ever does.

PLAN CAMPAIGN FOR BETTER FILMS

College Women Believe Pictures Should be Improved—to Educate Masses.

TO KEEP PUBLIC INFORMED

(By United Press.)

Long Beach, Calif., March 29.—Believing that the motion picture is the greatest factor in the education of the masses, the National Federation of College Women today decided upon "Better Films" as its chief work for the ensuing year. A vigorous campaign in behalf of better films is planned, and the plans also include formation of a bulletin service to advise women's clubs throughout the nation, regarding the various films as they are released.

Mrs. Myra Kingman Miller, president of the Federation, named Mrs. Harriet H. Barry of Monrovia, California as national chairman of the "Better Films" department. Her plans for the project will be one of the important features presented at the Biennial National session of the Federation in Portland, Oregon July 10-13 inclusive.

RESTRICTION IS REMOVED

English Women Smoke at Work Since War Started.

(By United Press.)

London, March 15.—(By Mail)—Women in England who smoke outnumber their American sisters possessed of the same weakness. One sees in the restaurants as many who smoke as who do not. It remained for the War to remove the next to last restriction. They are now smoking while at work in at least one London office. The last restriction will go when they are seen smoking in the streets.

Male army clerks have already fallen heir to the habit also. The only regulation prescribed is that they must not smoke before 11 o'clock or after 3 p. m.

WILL ESCAPE HANGING BECAUSE THERE'S NO PLACE TO STRING HIM

Spokane, Wash., March 29.—Because there is no place in which to hang him, Edward Mayberry, half breed Indian, probably will escape the death sentence imposed for the murder of Alvie Vivian on the Colville reservation last August.

President Wilson granted Mayberry a 30 day respite so his law-

yers could appeal from the sentence, on the ground that it could not be legally carried out in the state of Washington, where capital punishment is barred. This respite will expire a week from Sunday.

The woman killed by Mayberry was alleged to be his wife. He said the shooting was accidental. As it occurred on federal government property, United States Judge Rudkin went ahead and condemned Mayberry to death, in spite of Washington's law against executions. The original hanging date was January 19.

Mayberry obtained a postponement until March. Then it was necessary to find a place inside the state boundaries and yet not under state jurisdiction where a gallows could be legally erected. The federal building was deemed United States territory and plans were made to hang Mayberry on the roof. His lawyers objected and demanded

a ruling by the treasury department. Mayberry remained calm and carpenters began measuring off a place to build the scaffold.

The treasury department ruled that the plan was illegal. President Wilson granted Mayberry a reprieve to April 10, at which time he will be imprisoned for life, likely.

Again Let Us Ask You Why not a Maxwell in prefer- ence to any other car of its price and class?

The Maxwell will run more than five thousand miles on one set of tires.

The Maxwell will operate at a speed of fifty miles per hour, and 20 to 25 miles per gallon of gasoline.

The steering gear on the Maxwell is sure.

The brakes on the Maxwell are fine.

The springs on the Maxwell have been lengthened, making the car much easier riding this season.

The seats have been widened, giving more comfortable room. There is nothing to buy for the Maxwell afterward.

Maxwells are all fully equipped with electric starters and steady lights, need no shock absorbers, have a speedometer, have the same size tires on all four wheels and are a pretty car to look upon.

It is a car that will go anywhere any other car can go. We openly challenge any other car of its class to do anything the Maxwell will not do.

Come around and compare the Maxwell in its price with all others.

Possibly there is something new on the car you do not know of. We believe we can explain several things you do not know about the nicest little car that travels the roads.

Touring \$650. Roadster \$635.

A Few Timely Hints for Home Gardner to Follow

Department of Agriculture Horticulturists Outline Principles for
Making a Success of the Home Vegetable
Patch.

VII. How to Grow Irish Potatoes in Vacant Lots and City Yards.

Many persons prompted by the high price of Irish potatoes have written to the U. S. Department of Agriculture asking how to grow them successfully in their back yards or in vacant lots in their neighborhoods. Others, who in the past have raised potatoes as a profitable way of utilizing idle land or as a crop which repays them, in whole or in part, for the cost and trouble of keeping down weeds and giving a more orderly appearance to their properties, point out that good seed potatoes are scarce and high in price, and ask whether there is not some method of reducing the cost for seed for their plots or half acres.

The cost of seeding, the garden specialists of the Department point out, can be greatly reduced if, instead of using a whole potato for planting, the gardener will cut out from potatoes cone-shaped pieces of flesh, each containing an eye of the potato. In this way only from one-fourth to one-fifth of the flesh of the potato will be needed to provide seed and the remainder of the potato can be cooked for table use. These cones range from one-fifth to one-seventh of an ounce in weight, whereas, under the usual methods, the sets range from three-fourths to two ounces in weight. A gardener, under ordinary conditions, will get best results by using 15 to 18 bushels, or 900 to 1,080 pounds of potatoes to the acre. This method of preparing sets, therefore, should make available for table use over 875 pounds of potato flesh which, under ordinary conditions, would be planted per acre.

To plant a plot 50 by 100 feet or approximately one-ninth of an acre at the same rate of seeding would call for 1 2/3 to 2 bushels of seed, planted in the ordinary way. The method of using the cones and eyes and cooking the remainder of the flesh, therefore, becomes a worthwhile economy even when a small area is to be planted.

Under this plan it is not necessary to prepare the seed all at one time. From day to day the cones for seeding can be cut from the potatoes as they are being prepared for the table. The cuttings then should be spread out on a piece of paper in a moderately cool room (about 50° F.) and allowed to remain there until they have cured, that is, until the cut surface has become dry. A day or two should suffice for this, and potatoes then should be put in a shallow box or tray and placed where it is still cooler. Any storage condition that will insure them against frost on the one hand and undue shriveling on the other should prove satisfactory.

These seeds can be started indoors, provided it is possible to secure suitable soil and boxes. In such cases it may be desirable to plant the eye cuttings at once, and allow them to start into growth indoors with the idea of transplanting them into the open ground when danger of frost is past and the ground is dry enough to be cultivated.

The smaller the size of the set, or seed piece, used the more thorough must be the preparation of the soil. The more finely the soil is pulverized and the more uniform the moisture conditions which can be preserved in the soil, the better is the chance for the small seed piece to establish itself. A small set in rough, lumpy, or dried-out soil has little chance to live, let alone make a crop.

Generally speaking, the smaller the size of the set, the closer it should be planted in the row if maximum yields are to be secured. Such sets may be expected to give the best yields if not spaced more than 10 to 12 inches apart in the row.

Successful potato growing, the garden specialists advise their correspondents, hinges largely on the following factors:

2. Abundance of available plant food and moisture.

3. Selection of proper varieties.

4. Good seed and good tillage.

5. Thorough protection of the plants against insect and fungous pests.

The types of soil in which the potato plant thrives best are those designated as sandy or gravelly loam soils. It may be grown with a fair degree of success on any type of soil except loose sand and a heavy, sticky clay soil, provided the land is well drained and contains the necessary plant food.

Successful potato production is dependent to a large extent on the thoroughness with which the land is prepared before planting the crop. Where a horse can be used, the land should be plowed from eight to ten inches deep, provided the surface soil is of a sufficient depth to permit it. It is never advisable to turn up more than one inch of raw subsoil at any one plowing, so if previous plowings have not been over six inches the maximum depth at which it should be plowed is seven inches.

Where hand labor is employed, the same rule should govern as to depth. In spading, especially on grass or waste land, turn the earth bottom side up.

Whether the land is plowed or spaded, it should be thoroughly pulverized immediately afterwards. It is a bad practice to allow the freshly turned soil to bake in the sun and wind, and thereby become cloddy, and at the same time, lose a large per cent of its moisture.

Where horse labor can be used, the land after plowing should be thoroughly disked first, then spring-toothed, and finally finished with a smoothing harrow. Where land must be prepared by hand, it is good practice to pulverize the soil as much as possible when spading it. Continued on Page 9.

AMELIA BARR DOES NOT LIKE STYLES

Half Portion Gowns and Undressed Women Shock Authoress, Who is 87 Today.

SAYS CLOTHES ARE UGLY

New York, March 29.—Undressed women in half gowns shock the venerable authoress, Amelia E. Barr, she admitted on this, her 87th birthday. Mrs. Barr, who has her home at Richmond Hill, Brooklyn, is the author of more than 75 novels which for more than half a century have been perused by the novel reader of this and other countries.

Mrs. Barr believes Dame Fashion shows poorer taste and less of it today than at any time in the last 75 years. Women of today, Mrs. Barr declared, do not dress, they undress. And their clothes are ugly too, she says. In addition to that she thinks girls today go in too much for athletics and use too much slang. Slang in the mouth of a woman, she said, is a sure sign she is on the downward path. Golf and tennis are for men only, she believes.

Mrs. Barr is as alert and active as at 40.

The 2nd. division of the aid society of the Methodist church will have an exchange next Saturday in the Pantenny room, North Main street.

WHAT-YOU-MAY COLUMN

BY "G.M." Haircuts.

A haircut is one of the few indignities that baldheaded men don't have to suffer.

It's a habit, the haircut is, among men with densely populated heads. But it is no ordinary habit. It's a habit a man has to hire another man to practice for him.

There are fashions in haircuts, as in everything else. The old fashioned haircut circled the base of a man's brain and stopped. But today it goes on down the back of his neck to see what his collarbone's doing.

Generally speaking, the haircut is a misfortune. If it wasn't for haircuts we would abolish barbers.

GERMAN EMPLOYEES "FIRED"

San Luis Potosi, Mexico, March 28.—More than 2,000 Germans who have been working in the oil fields at Tampico and Vera Cruz have been dismissed by the oil companies. Many of these men have arrived here. They are without employment.

Hot Water The Best Liver And Bowel Medicine

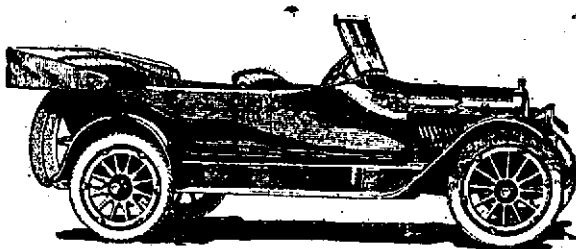

Says Glass of Hot Water Before Breakfast Washes Poisons from System

Physicians the world over recommend the inside bath, claiming this is of vastly more importance than outside cleanliness, because the skin pores do not absorb impurities into the blood, causing ill health, while the pores in the ten yards of bowels do.

Men and women are urged to drink each morning, before breakfast a glass of hot water with a teaspoonful of limestone phosphate in it, as a harmless means of helping to wash from the stomach, liver, kidneys, and bowels the previous day's indigestible material, poisons, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Just as soap and hot water cleanse and freshens the skin, so hot water and limestone phosphate act on the eliminative organs.

Those who wake up with bad breath, coated tongue, nasty taste or have a dull, aching head, sallow complexion, acid stomach; others who are subject to bilious attacks or constipation, should obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to demonstrate the value of inside bathing. Those who continue it each morning are assured of pronounced results, both in regard to health and appearance. (Adv.)

Announcing the New Seven-Passenger Oldsmobile

A MOTOR CAR creation, distinctive in every line—this is the new seven-passenger, eight-cylinder Oldsmobile. Exquisite harmony of outline and over-all proportions distinguish this car—the result of nearly twenty years of experience in combining beauty with comfort, sturdiness with grace.

The purpose underlying this car is to build a car that in smoothness of performance, mechanical excellence, and refinement of finish, will be instantly recognized as the peer of the world's finest motor cars by the most fastidious and calculating buyer.

And the price, due to large production and unexcelled buying power, is such that it is well within the reach of the average buyer—\$1367, f.o.b. Lansing.

The car is now on display at our show-room. Call or write today for a demonstration.

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite to impart color and a youthful appearance to the hair. It is not intended for the cure, mitigation or prevention of disease.

YOUR Country Needs YOU

Are There 100 Men in Rush County Who Will Give Their Services to the Nation?

ARE YOU ONE OF THEM?

A Company to fill a vacancy in an existing regiment has been authorized for Rushville and vicinity. Its service may be required any time. Don't wait, show your patriotism---come in and sign up.

Call at headquarters, Rushville, Ind., over Humes-Buell Shop, or see J. H. Kiplinger, Allan Blackledge, D. Weldon Brann, Walter Gartin, Wm. Fitzgerald, Perry Oneal, P. C. Koons, Frank Owen or Scott Buell.
